Magazine ,2003    **The British National Bibliography** Arthur James Wells,2005    **The Complete Guide to Java Database Programming** Matthew D. Siple,1998 Presenting the complete in depth guide to JDBC Java Database Connectivity the key to

creating a new generation of data rich Java applications and the new standard that database vendors from Oracle to Sybase are lining up to support North explains the how to s of JDBC and covers its relationship with ODBC The CD contains sample code written to the JDBC and ODBC APIs    **The New Walford Guide to Reference Resources** Ray Lester,2005 The New

Walford highlights the best resources to use when undertaking a search for accurate and relevant information saving you precious time and effort For those looking for a selective and evaluative reference resource that really delivers on its promise look no further In addition to print sources The New Walford naturally covers an extensive range of e reference sources such

as digital databanks digital reference services electronic journal collections meta search engines networked information services open archives resource discovery services and websites of premier organizations in both the public and private sectors But rather than supplying a list of all available known resources as a web search engine might The New Walford subject specialists have carefully selected and evaluated available resources to provide a definitive list of the most

appropriate and useful With an emphasis on quality and sustainability the subject specialists have been careful to assess the differing ways that information is framed and communicated in different subject areas As a result the resource evaluations in each subject area are prefaced by an introductory overview of the structure of the relevant literature This ensures that The New Walford is clear easy to use and intuitive Publisher    *Books In Print 2004-2005* Ed Bowker Staff,Staff Bowker,
