Sarah S. Willen

Welfare States And Immigrant Rights The Politics Of Inclusion And Exclusion:

Welfare States and Immigrant Rights Diane Sainsbury, 2012-08-30 *Welfare States and Immigrant Rights* deals with the policies and politics of immigrants inclusion and exclusion in six countries representing different types of welfare states the United States the United Kingdom Germany France Sweden and Denmark Routledge International Handbook of Migration Studies Steven J. Gold, Stephanie J. Nawyn, 2019-05-08 This revised and expanded second edition of *Routledge International Handbook of Migration Studies* provides a comprehensive basis for understanding the complexity and patterns of international migration Despite increased efforts to limit its size and consequences migration has wide ranging impacts upon social environmental economic political and cultural life in countries of origin and settlement Such transformations impact not only those who are migrating but those who are left behind as well as those who live in the areas where migrants settle Featuring forty six essays written by leading international and multidisciplinary scholars this new edition showcases evolving research and theorizing around refugees and forced migrants new migration paths through Central Asia and the Middle East the condition of statelessness and South to South migration New chapters also address immigrant labor and entrepreneurship skilled migration ethnic succession contract labor and informal economies Uniquely among texts in the subject area the Handbook provides a six chapter compendium of methodologies for studying international migration and its impacts Written in a clear and direct style this Handbook offers a contemporary integrated resource for students and scholars from the perspectives of social science humanities journalism and other disciplines Advanced introduction to Social Policy Daniel Béland, Rianne Mahon, 2016-11-25 Elgar *Advanced Introductions* are stimulating and thoughtful introductions to major fields in the social sciences and law expertly written by the world's leading scholars Designed to be accessible yet rigorous they offer concise and lucid surveys of the substantive and policy issues associated with discrete subject areas *Advanced Introduction to Social Policy* offers a concise overview of the field that takes newer realities into account without rejecting the insights found in the traditional social policy canon Daniel B land and Rianne Mahon draw on both classic and contemporary theories to illuminate the broad processes that are putting pressure on existing social policy arrangements and raising new research questions These processes provide the canvass against which the authors assess the social policy implications of changing gender relations the increasing salience of ethnic diversity and the growing importance of the Global South as a site of social policy innovation Immigration and Membership Politics in Western Europe Sara Wallace Goodman, 2014-10-16 Why are traditional nation states newly defining membership and belonging In the twenty first century several Western European states have attached obligatory civic integration requirements as conditions for citizenship and residence which include language proficiency country knowledge and value commitments for immigrants This book examines this membership policy adoption and adaptation through both medium N analysis and three paired comparisons to argue that while there is convergence in instruments there is also significant divergence in policy purpose

design and outcomes To explain this variation this book focuses on the continuing dynamic interaction of institutional path dependency and party politics Through paired comparisons of Austria and Denmark Germany and the United Kingdom and the Netherlands and France this book illustrates how variations in these factors as well as a variety of causal processes produce divergent civic integration policy strategies that ultimately preserve and anchor national understandings of membership

Citizenship, Belonging, and Nation-States in the Twenty-First Century Nicole Stokes-DuPass, Ramona Fruja, 2017-07-15

Citizenship Belonging and Nation States in the Twenty First Century contributes to the scholarship on citizenship and integration by examining belonging in an array of national settings and by demonstrating how nation states continue to matter in citizenship analysis Citizenship policies are positioned as state mechanisms that actively shape the integration outcomes and experiences of belonging for all who reside within the nation state This edited volume contributes an alternative to the promotion of post national models of membership and emphasizes that the most fundamental facet of citizenship a status of recognition in relationship to a nation state need not be left in the relic galleries of an allegedly outdated political past This collection offers a timely contribution both theoretical and empirical to understanding citizenship nationalism and belonging in contexts that feature not only rapid change but also levels of entrenchment in ideological and historical legacies

Industrial and Labor Relations Review, 2014

Implementing Article 12 of the UN Convention on the Rights of the Child Rebecca Thorburn Stern, 2017-07-31

In Participation Power and Attitudes

Implementing Article 12 of the Convention on the Rights of the Child Rebecca Thorburn Stern analyses how CRC state parties describe their implementation of Article 12 on respect for the child s views The focus of the study is on if and how references to traditional attitudes are used by state parties to explain their actions and inactions when implementing this key right and principle It is shown that traditional attitudes are employed less as justification of poor implementation than as a way of allocating responsibility to the population rather than to the state party and that references to tradition remain a mainly non Western phenomenon thus also overlooking the impact of traditional attitudes in Western societies

The Politics of Migration and Immigration in Europe Andrew Geddes, 2003-03-26

This text fulfills a major gap by comprehensively reviewing one of the most salient policy issues in Europe today migration and immigration It is the first book to address the question of whether we can legitimately speak of a European politics of migration that links states in terms of their policy response to each other and to an evolving EU policy The book carefully differentiates between different types of migration introduces the main concepts and debates and provides a broad comparative framework from which to assess the role and impact of individual states and the European Union EU and European integration to this key contemporary issue Topical and up to date the author fully reviews the politics and policies of immigration across the breadth and depth of Europe including the older immigration countries of France Germany and the United Kingdom the newer southern European countries and the enlargement states of East and Central Europe The Politics of Immigration and

Migration in Europe is essential reading for all undergraduate and post graduate students of European politics political science and the social sciences more generally Andrew Geddes lectures at the School of Politics and Communications Studies University of Liverpool This book will be essential reading for students of migration and European integration but will also be important for decision makers and indeed anyone who wants to understand one of the burning issues of our times Stephen Castles Professor of Migration and Refugee Studies Director of the Refugee Studies Centre University of Oxford □□□□ 2005,□□□□□□ □□□□□□□□□□ □□□□□□ □□□□□□□□□□ *Comparative Politics* 02/03 McGraw-Hill,2002-02 *Welfare States and Immigrant Rights* Diane Sainsbury,2012-08-30 Welfare States and Immigrant Rights deals with the policies and politics of immigrants inclusion and exclusion in six countries representing different types of welfare states the United States the United Kingdom Germany France Sweden and Denmark **International Migration and Liberal Democracies** Axel Schulte,2000 The study of international migration underscores two principles of the modern world and brings them forward for debate the sovereignty of the nation state on the one hand and an open world free of border control and market constraints on the other Volume II of the Yearbook Migration confronts basic concepts of international migration control through a political theory lens In contrast to pessimistic interpretations of a global migration crisis and the Fortress Europe mind set the American political scientist James F Hollifield finds quite the opposite as he emphasizes the liberalization of immigration policies among major democracies throughout North America and Europe According to Hollifield the expansion of civil rights and a general international liberalization constitutes the basis for this process Hollifield explains his rights based approach by tracing the civil rights revolution in the United States coupled with the impact of the liberal German Grundgesetz Basic Law and subsequent European unification He asserts that a positive relationship between market orientated democracies and liberal immigration policies do exist and therefore contribute to this continued liberalization The three major questions he poses centers around control sovereignty and incorporation Following Hollifield s analysis German political scientists Herbert Dittgen and Oliver Schmittke build on this approach utilizing supporting data on the German case German born Karen Schonwalder challenges Hollifield s thesis of republican liberalization utilizing the British case as she highlights the politics of exclusion in Britain Karl Markus Kreis illustrates Hollifield s findings by underscoring the decline of ethnic identity among European immigrants in the United States Finally the Turkish American political scientist Nedim Ogelman concludes this study by describing the dynamic of the Latin American communities and the role they play in speeding up the naturalization process in the US In contrast to the widespread migration pessimism and communitarian ideologies of exclusion Volume II Yearbook Migration contains empirical and theoretical analyses which emphasize liberal dimensions of immigration Series Studien zu Migration und Minderheiten Studies in Migration and Minorities Vol 9

Transnational Migration to Israel in Global Comparative Context Sarah S. Willen,2007-12-05 Transnational Migration to Israel in Global Comparative Context explores both how and why the recent influx of approximately 200 000 non

Jewish migrants from dozens of countries across the globe has led state officials to declare in definitive terms that Israel is not an immigration country despite its unwavering commitment to welcoming unlimited numbers of homeward bound Jewish immigrants. As this innovative volume illustrates, the arrival of these economically motivated migrants, about half of whom are defined by the state as legal and half as illegal, has dramatically transformed the local labor economy of Israel. Palestine. Moreover, the presence of labor migrants along with smaller groups of asylum seekers and victims of trafficking in women has also generated a wide array of complicated legal policy related cultural and ideological questions and dilemmas for the Israeli state, local municipalities and civil society. Taking both the Palestinian-Israeli conflict and Israel's newfound embeddedness in globalizing labor markets as backdrop, this multidisciplinary collection investigates the causes as well as the consequences of these new waves of transnational migration to Israel, both in comparison to other world regions and in terms of three interrelated levels of analysis: first, the micro level of migrants' everyday experience; second, the meso level of state and institutional policies and practices; and finally, the macro level of global political economic trends and processes. Bringing together a dynamic array of pioneering senior researchers along with more junior scholars, the volume is distinctive not only in its incisive comparisons between Israel and other destination countries but also in its multifaceted analysis of how the Israeli migration regime has shaped, constrained and on occasion been challenged by the arrival of these largely unanticipated migrants. Among the themes analyzed are the relationship between transnational migration processes and the simmering Israeli

Sociological Abstracts Leo P. Chall, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences. The database provides abstracts of journal articles and citations to book reviews drawn from over 1,800 serials publications and also provides abstracts of books, book chapters, dissertations and conference papers.

Book Review Index, 2003 Vols 8-10 of the 1965-1984 master cumulation constitute a title index.

Immigration and European Integration Andrew Geddes, 2008-12-15 This revised and updated edition explores the dynamic of EU migration and asylum policy, clearly an issue that remains very topical.

Economic and Political Weekly, 1998

Who is In, who is Out? Tibor Papp, 1999

From Welfare to Workfare Sherrow O. Pinder, 2007 This book examines the causes of the shift from welfare to workfare and documents the effects of this policy change on women, especially single mothers in Canada and the United States.

European Conference on Migration and the Social Partners European Foundation for the Improvement of Living and Working Conditions, 1994
