**Sexuality in America** Robert T. Francoeur, Patricia Koch, David Weis, 1999-08-01 Now available in a new paperback edition this survey is different in both breadth and scope from all other reports on sexuality in the United States. It covers every topic imaginable from a multicultural point of view in order to reflect fully the complex society in which we live the biological psychological social and spiritual aspects of our sexual lives [The Ecological Imaginary in Literature and Other Media](#) Kevan Manwaring, 2025-09-23 From Gilgamesh to Gawain and the Green Knight the Brothers Grimm to Grimdark the natural world has provided the backdrop for Fantasy since its earliest iterations. The playgrounds of childhood are often a writer's first Fantasy landscape and can develop into fully fledged storyworlds. Do readers of Fantasy seek out the genre for a taste of this unsullied environment? Is it nostalgia for the lost Edens of childhood a way to escape or to find resilience and inspiration? And in a time of Climate Emergency is the nature of Fantasy changing to reflect the challenges it presents? Can the blue sky thinking of the Fantastic provide us with a useful tool for addressing what the United Nations has called the defining crisis of our time? This is a timely survey of the environmental aspects of Fantasy with a unique focus on Fantasy sites and the real world impact of Fantasy texts across media
