**Two Views on the Doctrine of the Trinity** Stephen R. Holmes, Paul D. Molnar, Thomas H. McCall, Paul Fiddes, 2014-09-02 Christians have always believed in the triune God but they haven't always understood or used the doctrine of the Trinity consistently. In order to form a coherent view of trinitarian theology it's important for Christians to have a working knowledge of the two legitimate models for explaining this doctrine. Classical presenting a traditional view of the Trinity represented by the Baptist theologian Stephen R. Holmes and the Roman Catholic theologian Paul D. Molnar. Relational presenting the promise and potential hazards of a relational doctrine represented by the evangelical theologian Thomas H. McCall and the Baptist philosopher Paul S. Fiddes. In this volume of the Counterpoints series leading contributors establish their models and approaches to the doctrine of the Trinity or the relationship between the threeness and oneness of the divine life. Each expert highlights the strengths of his view in order to argue how it best reflects the orthodox perspective. In order to facilitate a genuine debate and to make sure that the key issues are revealed each contributor addresses the same questions regarding their trinitarian methodology, doctrine and its implications.

**Trinity Dogma - The Book** Edward Glen Palmer, 2009-06 Trinity Dogma exposes the mythology of the Christian trinity doctrine by showing the reader actual Bible Scriptures which identify God in the New Testament. Jesus Christ provided the full identity of God in the New Testament. Apostle Paul confirms the identity of God which Jesus provided. For 1684 years since the Catholic Church's council of Nicea in 325 AD Christians have been misled about God's identity and the nature of Jesus Christ. Now with the benefit of modern Bible software the truth is revealed for all who seek it. Who is our God? What is the true nature of Jesus Christ? Was Jesus God or just a human? The truth will amaze you and you can follow along with your own Bible seeing it for yourselves. Trinity Dogma will shock Christianity into reexamining itself and this book will be banned by Orthodox churches. Find out for yourself what God has shown the Apostle Edward in Scripture. The Trinity Gilles Emery, 2012-08-07 A sound introduction to a crucial doctrine. Emery's prose is scholarly yet widely accessible at once traditional and constructive. Themelios Representing the highest quality of scholarship, Gilles Emery offers a much anticipated exploration to Catholic doctrine on the Trinity. His extensive research combined with lucid prose provides readers a resource to better understand the foundations of Trinitarian reflection and addresses all who wish to benefit from an initiation to Trinitarian doctrine. The path proposed by this introductory work comprises six steps from liturgical and biblical ways for entering into Trinitarian faith to the creative and saving action of the Trinity. The book concludes with a doctrinal exposition of the missions of the Son and Holy Spirit that is the salvific sending of the Son and Holy Spirit that leads humankind to the contemplation of the Father. Trinitarian doctrine is not easy but Emery with his translator has rendered it intelligible and attractive. Exegetes, theologians, historians, and liturgists alike will find the Trinity related to their discipline. Most importantly, The Trinity will prepare its readers to enter higher levels of discussion about the Trinity. Sacra Pagina A

**Brief History of the Doctrine of the Trinity in the Early Church** Franz Dünzl, 2007-10-30 Franz Dünzl gives an account of the formation of the doctrine of the Trinity in a narrative based on contemporary sources as he remarks in the preface he wants to describe the human struggle over the truth of the Christian image of God and as far as possible let the early Christians speak for themselves His main concern is to describe the dynamic of the disputes over the theology of the Trinity in a vivid way which is easy to follow pointing out the foundations of the doctrine and the decisive shifts in its development He tries to see the often bitter discussion not as a barren dispute but as an evolutionary process in which the rivalry is a necessary and positive factor in moving the debate forward After an introduction to the problem the book describes the beginning of christology and the first models of the relationship between Father and Son it then describes the controversies leading up to the Council of Nicaea which are discussed at length going on to show how Nicaea didn't settle the question and continuing the account up to the Council of Constantinople in 381 It brings out the political influences which governed this second stage of the discussion in an illuminating way A survey and bibliography round the book off

### **One God in Trinity**

Peter Toon, James D. Spiceland, 2020-07-20 The dogma of the Holy Trinity is the fundamental and primary Christian doctrine It has been held by orthodox Christians that to loose or diminish this doctrine is to begin to descend a slippery slope leading to the loss of Christianity itself Yet at the level of the local church there may be discerned a general feeling that the Trinity is both difficult to understand and unimportant that to have faith in Jesus and to love one's neighbor is what Christianity is all about Despite the recital of creeds or the use of the trinitarian formula in The Grace most Christians appear in practice not to integrate their experience and knowledge of God the Father Son and Holy Spirit Here eleven men from five countries combine to present a report and analysis of the way in which the doctrine of the Trinity has been and is being discussed in recent theology and by distinguished theologians They all write from within a commitment to orthodoxy but they recognize that in our modern day we need to find new and attractive ways of presenting and expounding this ancient truth

**Tyranny of the Trinity** P.R. Lackey, 2008-07-29 For 1700 years the Trinity has been considered the cornerstone of

Christianity by all mainstream churches But the Bibles words for God appearing thousands of times never mean a triune God

The concept of the Trinity has been taught to churchgoers based solely on implication and inference The truth is the

Scriptures dont support the doctrine of the Trinity but it has been indoctrinated into the minds of otherwise intelligent and

well educated Christians and perpetuated as a mystery not meant to be understood The majority of Christians have not

bothered to investigate the doctrine for themselves and consequently have been duped Ms Lackey suggests that far too many

Christians attend church with the attitude Tell me pastor what do I believe today Ms Lackey expressed her resentment at

being accused of being a heretic not being a Christian and being condemned to hell because of her strong belief in the

human Jesus the Messiah and Son of God as opposed to being the one Almighty God Her strong conviction led her to

collaborate with biblical Unitarian authors to create a book that challenges the centuries old man made doctrines of the

Trinity the mainstay of ecclesiastical tradition Ms Lackey sees the Trinity as blight on the true Christianity taught by Jesus Christ for the benefit of humanity and feels Trinitarian Christians have traded Hebrew theology for Greek mythology with barely a question asked She further contends that the majority of Christians believe in the Trinity primarily because they are expected to Not to accept this dogma would place them under condemnation from both their brethren and the clergy Ms Lackey invites churchgoers everywhere to consider that they may have been drawn into a thinly veiled polytheism a belief in more than one God She adamantly contends that Christians must take more responsibility for their beliefs and stop settling for centuries old creeds and doctrines as scriptural truth The cover illustration depicts the agony experienced by Michael Servetus a brilliant Spanish physician and theologian who as one of the first Protestants to challenge the Trinity was slowly burned at the stake in 1553 his book fastened to his thigh at the instigation of the Protestant reformer John Calvin *The Trinity* Rose Publishing, 2022-05-03 The Trinity is one of the most central doctrines in Christianity one of the tenets that is completely unique to the Christian faith This full color pamphlet explains the Trinity in clear easy to understand terms and illustrations This basic booklet with a simple explanation of the Trinity also answers 6 common misunderstandings about God the Father Son and Holy Spirit It provides a basic study for those wishing to understand their faith and the Trinity How to Explain the Trinity The Trinity Defined The Trinity is one of the great mysteries of the Faith Defining the Trinity is both simple and complex God is One yet God exists in 3 Persons Father Son and Holy Spirit It is a biblical concept that goes beyond the human understanding This pamphlet gives a basic explanation and definition of this important Christian belief The pamphlet includes the following A clear easy to understand definition of the Trinity doctrine 60 Scriptures used to support the belief that the Father Son and Holy Spirit are all God not three names for the same Person Chart comparing the power and attributes of the 3 Persons of the Trinity Chart comparing the Unique traits of God and Jesus Christian Beliefs and Church History Explained The pamphlet helps believers know what they believe and why they believe this critical Christian doctrine In 12 panels of rich well research information it addresses topics such as What Christians believe about the Trinity The Father is God Jesus Is God The Holy Spirit is God The Trinity and the Bible Misunderstandings about the Trinity How early Christians dealt with misunderstandings about the Trinity The Trinity in the early Church and the Creeds Important Trinitarian Bible verses and references Church History and the Doctrine of the Trinity More than 60 New Testament Bible passages mention the three Persons of the Trinity together Theophilus sixth bishop of Antioch in Syria is the first person known to have used the word Trinity in his work Refutation of Autolycus AD 168 More than a half dozen writers prior to the 4th Century defended the doctrine of the Trinity Names and dates are given Six Misunderstandings and Misinterpretations about the Trinity It s probably not surprising that a doctrine that s as critical as the Trinity is at the center of numerous misunderstandings The pamphlet addresses six of the most common Trinity misunderstandings The Christian Creeds and the Trinity The pamphlet shows how early Christians addressed these misunderstandings through some of the earliest

statements of faith The Apostles Creed written in the second century The Nicene Creed written in 325 AD Athanasian Creed written c 400 AD Chalcedonian Creed written in 451 AD One of the most powerful charts in the pamphlet shows that God and Jesus Christ share 10 key traits that are mentioned in the Old Testament as applying to no one but God Another chart shows seven divine attributes shared by Father Son and Holy Spirit with Scripture references for each *The Quest for the Trinity* Stephen R. Holmes, 2012-10-03 Stephen Holmes tells the saga of the Christian doctrine of God hoping to provide some reflective distance on today's revival in Trinitarian studies We witness the church's discovery of the doctrine from Scripture its crucial patristic developments its medieval and Reformation continuity and its fortunes since the advent of modernity

**The Triune God** Edmund J. Fortman, 1999-02-23 A primary condition for fresh thinking on the Trinity is an accurate objective account of past and present thought wrote one reviewer when *The Triune God* first appeared in 1972 This is what Fortman has presented sensitively accurately and compactly The author sets out to trace the historical development of Trinitarian doctrine from its written beginnings to its contemporary status Thus he treats the biblical witness the Council of Nicea Augustine the Middle Ages and the development of this doctrine from the fifteenth century to the present in the Protestant Orthodox and Catholic traditions **The Trinity** Woodrow Wilson Whidden, Jerry Moon, John W. Reeve, 2002 Among Seventh day Adventists the doctrine of the Trinity is often taken for granted But increasingly it is opposed by a small minority who have retreated to the anti-Trinitarian position of the pioneers In response the authors each a specialist in his field trace the doctrine of the Trinity through Scripture church history and the writings of Ellen G White The first section surveys the biblical foundations of the doctrine and addresses objections that have been raised Other sections trace the development of the doctrine in Christian history in Adventist history and in the writings of Ellen White The authors explain why the doctrine was resisted by many of the leading pioneers The final section asks So what It discusses the theological and practical implications of Trinitarian belief worship and practice showing how it affects what we believe about salvation atonement the great controversy and other significant doctrines With glossaries bibliography and index this comprehensive primer on the Trinity will shed new light on the central beliefs of Christianity and show how God still leads His church into all truth Introduction SECTION ONE The Biblical Evidence for the Full Deity of Christ the Personality of the Spirit and the Unity and Oneness of the Godhead Chapter 1 The Strongest Bible Evidence for the Trinity Chapter 2 The Full and Eternal Deity of Christ Part I The New Testament Epistles the Old Testament and the Gospels Chapter 3 The Full and Eternal Deity of Christ Part II The Gospel of John Chapter 4 The Personality and Deity of the Spirit and the Triune Oneness of the Godhead Chapter 5 Trinitarian Evidences in the Book of Revelation Chapter 6 Biblical Objections to the Trinity Chapter 7 Logical Objections to the Trinity SECTION TWO The History of the Trinity Doctrine From A.D. 100 to A.D. 1500 SECTION THREE Trinity and Anti-Trinitarianism From the Reformation to the Advent Movement SECTION FOUR The Doctrine of the Trinity and Its Implications for Christian Thought and Practice Index **The Trinity** Hans Schwarz, 2017-09-15 In the last thirty years books

on the Trinity have abounded. There seems to be a fascination with this mysterious topic especially among systematic theologians. The topic has been mined for many different interests from liberation theology to feminist interpretations of the Christian heritage and from neo Reformation theology to interreligious dialogue. This book has no intention of adding to the plethora of treatises on the Trinity. The main question with which it is concerned is what is really scripturally tenable with regard to the Trinity and what is unwarranted theological construction or even speculation. Through this question Schwarz tries to discern whether the theological assertions made about the Trinity are in line with the biblical base from which they are derived or whether they have veered off in a more or less questionable direction. What takes shape here is a story how the doctrine of the Trinity developed over the subsequent centuries from the traces in Scripture to a centralized dogma at the heart of Christian teaching. We witness in this an evolution from proclamation to controversy to speculation. What are we to make of this doctrine? How do we articulate the biblical faith today?

**The Doctrine of the Trinity** Anthony F.

Buzzard, 1998    **The Doctrine of the Trinity** Eberhard Jüngel, 1976 Well known in Germany for its insightful contribution to the ongoing discussion among theologians today about the being of God this creative effort by Professor Jüngel now in translation aims at recovering an authentically trinitarian statement of the issue structured along the lines of Karl Barth's discussion in Church dogmatics

Trinity Karl Rahner, 2001-03-04 The ground breaking treatment of the doctrine of the Trinity by one of the most important theologians of the century is here reprinted on the 30th anniversary of its original publication. In this treatise Karl Rahner analyzes the place of the doctrine of the Trinity within Catholic theology and develops his own highly original and innovative reading of the doctrine including his now famous dictum Copyright Libri GmbH All rights reserved

Should Christianity Abandon the Doctrine of the Trinity? Michael Barber, 2006-11 This is a highly controversial exposition of a doctrine which has dominated Christianity for two thousand years. The book takes apart piece by piece the very foundation that so many religions use to support the belief that there are three persons in one God. It analyses the major scriptural references pointed to in Trinity support texts and examines them in the light of biblical context and by original language comparisons. World renowned authorities on biblical Hebrew and Greek are sought for their views on these key scriptures. This is a compelling book which turns the very foundation of Christianity onto its head

*The Christian Layman* Benjamin Parsons (of Pensacola.), 1840    **Is God a Trinity?** United Church of God, 2011-08-02

You might be surprised to find that God is not a trinity. The Trinity is one of mainstream Christianity's most widely accepted and revered doctrines held by millions of Catholics, Protestants and Orthodox believers. The belief that God is three persons—the Father, Son and Holy Spirit coexisting in one being—is how the trinity doctrine is often defined. But the word trinity appears nowhere within the pages of the Bible. You can not cling to long held religious traditions if they contradict the Scriptures. Your beliefs must rest solidly on the teachings of the Holy Bible.
