[The Future of Food Tourism](#) Ian Yeoman, Una

*McMahon-Beattie, Kevin Fields, Julia N. Albrecht, Kevin Meethan, 2015-07-06* This book presents a systematic and pattern-based explanation of food tourism focusing on how and why change could occur and what the implications could be. In the future, will food tourism involve food grown in the laboratory or a more authentic experience associated with place and history? The book's approach to the future has focused on explanation; the contributors look for the causes, trends and theoretical concepts that explain change, thus attempting to justify and explore the future. Scenarios are used to explore alternative futures and the book examines the implications for the future of food tourism and highlights future research avenues. This book is primarily aimed at postgraduate students and researchers in the field of tourism studies.

The Khmer Rouge Tribunal Julie Bernath, 2023-08-29 From 1975 to 1979 while Cambodia was ruled by the brutal Communist Party of Kampuchea Khmer Rouge regime torture starvation rape and forced labor contributed to the death of at least a fifth of the country's population Despite the severity of these abuses civil war and international interference prevented investigation until 2004 when protracted negotiations between the Cambodian government and the United Nations resulted in the establishment of the Extraordinary Chambers in the Courts of Cambodia (ECCC) or Khmer Rouge tribunal The resulting trials have been well scrutinized with many scholars seeking to weigh the results of the tribunal against the extent of the offenses Here Julie Bernath takes a different tack deliberately decentering the trials in an effort to understand the ECCC in its particular context and by extension the degree to which notions of transitional justice generally must be understood in particular social cultural and political contexts She focuses on sites of resistance to the ECCC including not only members of the elite political class but also citizens who do not for a variety of tangled reasons participate in the tribunal and even resistance from victims of the regime and participants in the trials Bernath demonstrates that the ECCC both shapes and is shaped by long term contestation over Cambodia's social economic and political transformations and thereby argues that transitional justice must be understood locally rather than as a homogenous good that can be implanted by international actors
