Nations, 2013 This Manual provides guidance for policy makers and taxpayers in developing countries on the policy and administrative aspects of applying transfer pricing analysis to some of the transactions of multinational enterprises MNEs in particular. It identifies short medium and longer term objectives in the process of application of the arm's length principle. Chapter 1 gives a brief outline of the subject of transfer pricing and addresses the practical issues and concerns surrounding it especially the issues faced and approaches taken by developing countries. Chapter 2 describes the factors that gave rise to MNEs and shows how an MNE is able to exploit integration opportunities in the cross border production of goods and provision of services through a value chain or value added chain. Chapter 3 describes the development of transfer pricing legislation in developed countries. Chapter 4 addresses issues of setting up a dedicated transfer pricing unit in the tax administration. Chapter 5 discusses comparability analysis. Chapter 6 describes several transfer pricing methods that can be used to determine an arm's length price and how to apply these methods in practice. Chapter 7 discusses the topical issues frequently raised in the process of transfer pricing documentation and provides practical guidance on such issues. Chapter 8 gives an introduction to transfer pricing audits and risk assessment and chapter 9 deals with dispute avoidance and resolution procedures. Chapter 10 provides country practices for Brazil, China, India and South Africa.
