Python for Algorithmic Trading Yves Hilpisch, 2020-11-12 Algorithmic trading, once the exclusive domain of institutional players, is now open to small organizations and individual traders using online platforms. The tool of choice for many traders today is Python and its ecosystem of powerful packages. In this practical book author Yves Hilpisch shows students, academics and practitioners how to use Python in the fascinating field of algorithmic trading. You'll learn several ways to apply Python to different aspects of algorithmic trading such as backtesting, trading strategies and interacting with online trading platforms. Some of the biggest buy and sell side institutions make heavy use of Python. By exploring options for systematically building and deploying automated algorithmic trading strategies this book will help you level the playing field. Set up a proper Python environment for algorithmic trading. Learn how to retrieve financial data from public and proprietary data sources. Explore vectorization for financial analytics with NumPy and pandas. Master vectorized backtesting of different algorithmic trading strategies. Generate market predictions by using machine learning and deep learning. Tackle real time processing of streaming data with socket programming tools. Implement automated algorithmic trading strategies with the OANDA and FXCM trading platforms.

Plants in Science Fiction Katherine E. Bishop, David Higgins, Jerry Määttä, 2020-05-01 This is the first volume of its kind. Plants in Science Fiction shows how considerations of plant life in SF can transform our understanding of institutions and boundaries, erecting and dismantling new visions of utopian and dystopian futures. Its original essays argue that plant life in SF is transforming our attitudes toward morality, politics, economics and cultural life.

New Marriage, Same Couple Josh Walters, Katie Walters, 2024-01-09 For better or for worse, for richer or for poorer, in sickness and in health. We say those words and mean them. Until we don't. This is a book about creating a different, better new kind of marriage with the exact same person no matter how dire the circumstances with vision, commitment and hope in the Lord. Remember those early days of love. When your heart felt all fluttery and you saw your person through rose-colored glasses. They could do no wrong. You were going to have the most beautiful life with big adventures and lots of sex. Of course, everyone says marriage is work you knew that. But that was okay, you could get through anything together. It was going to be great. Until it wasn't. Something happened. Or maybe nothing happened. Maybe it was one big something or a lot of little somethings over many years that landed you in a marriage you hardly recognize. For Josh and Katie Walters it was a big something infidelity. Now they counsel couples who find themselves exactly where they were lost, hopeless and unsure of how to fix their marriage. This book lays out the
