

## Types of Maps

### Reading Comprehension

#### Physical Maps

Physical maps show the natural resources of an area. Water, mountains, forests, deserts, rivers, lakes, and oceans. Many are color-coded to show different features. One common type of physical map is a topographic map, which shows the height of the land. Other physical maps include political maps, which show the boundaries of countries and states. Physical maps help us understand the world around us.

#### Political Maps

Political maps show the boundaries of countries, states, and cities. These maps help us understand the government of a country, its capital, major cities, rivers, borders, and more. They also help us understand the way a country is run, its economy, and its government.
