Passive Income Ideas The concept of making money when you sleep has drawn a crowd to the pursuit of passive income Theoretically you put in some time and money in the start then relax and let the money pour in when you focus on other things This appears like a dream become a reality but it s mostly only a dream In today s workforce relying on one income source is risky Job protection is rarely guaranteed and a little extra cash is useful always By using your primary income source to cover basic expenses you may use extra income streams to pay off debts reduce your economic burden or avoid going further into debt when you are able to pay for larger purchases up front rather than with a credit card or loan Conversely passive income is cash that continues to pay out following the initial work is done Traditionally income that were considered passive generally included money earned from investments in shares or profit acquired by a person who had invested in accommodations property but wasn t involved in the management or day to day functions of that property This book covers Passive Income Dropshipping Affiliate Marketing Blogging Dividend Stocks Merch By Amazon Programs Amazon FBA Ebook Online Courses Freelancing As A Virtual Assistant AND MORE

An in depth look at the influence of fans society's alpha consumers on our lives and culture As fandom sheds its longtime stigmas of geekiness and hysteria fans are demanding more from the celebrities and brands they love Digital tools have given organizations from traditional businesses to tech startups direct real time access to their most devoted consumers and it's easy to forget that this access flows both ways This is the new fandom based economy a convergence of brand owner and brand consumer Fan pressures hold more clout than ever before as audiences demand a say in shaping the future of the things they love In Superfandom Zoe Fraade Blannar and Aaron M Glazer explain this new era of symbiosis For producers it can mean a golden opportunity brands such as Polaroid and Surge preserved by the passion of a handful of nostalgic fans can now count on an articulate creative and above all loyal audience Yet the new economy has its own risks it's also easier than ever for companies to lose their audience's trust as Valve did when it tried to introduce a paid mod system for its Skyrim video game Examining key cases that span a wide range of consumer markets Fraade Blannar and Glazer explain why some kinds of engagement with fans succeed and some backfire Throughout the authors probe fandom's history sociology and psychology From the nineteenth century American Alice Drake who bribed her way into the houses of her favorite European composers to Hatsune Miku the Japanese virtual celebrity whose songs are composed entirely by fans the dynamics of fandom the activities we perform to show we belong to a group of people with common interests may be as old as culture itself For groupies of financier Warren Buffet and enthusiasts of Cards Against Humanity alike the consumer relationship has been transformed Superfandom is an essential guide for those who care about contribute to and live in our rapidly expanding
