On a strategic level, social media marketing involves the management of the implementation of a marketing campaign, governance, setting the scope and the establishment of a firm's desired social media culture and tone. For one to use social media effectively, you should learn to allow customers and internet users to post user-generated content rather than use marketer-prepared advertising copy. People join social media to connect with friends and family among other things. Instagram especially ranks quite high in social media use with its ease of use and access for anybody with a good internet connection. Instagram is also quite appealing to people as they are able to share photos and images, making memories and having a place to see what friends and family are up to.
