## **Pumpkin Spice How To Customer Service:**

**What Customers Crave** Nicholas Webb, 2016-10-12 Think you know your customers? You better be more assured than just thinking you do because your success depends on it. The best companies in the world first research exhaustively what their customers desire and then they deliver it in memorable and deeply human experiences resulting in success previously believed to be unachievable. So once again, how well do you know your customers? In a hyperconnected economy that is radically changing consumer expectations, this vital expectation for any successful business is not always easy. But in **What Customers Crave**, author and business strategist Nicholas Webb simplifies this critical task into being able to confidently answer two questions: What do your customers love? What do they hate? Jam packed with tools and examples, this must-have resource helps businesses reinvent how they engage with customers both physical and virtual. Learn how to gain invaluable insights into who your customers are and what they care about. Use listening posts and Contact Point Innovation to refine customer types. Engineer experiences for each micromarket that are not only exceptional but insanely relevant. Connect across the five most important touchpoints. Co-create with your customers. And more. It's time to reinvent the ways you engage with your customers. Because when you learn to provide for them exactly what they want, they not only bring along their wallets but those belong to their friends as well.
