- Based on primary physical evidence, circumstantial evidence, or the testimony of credible and honest witnesses, especially when corroborated by other evidence.
 - Proof of a violation or action in an early instance or series and series that occurred before the proof of the offense.
 - The most common form of circumstantial evidence. A defense can consist of circumstantial evidence alone.
 - Circumstantial evidence can be classified under two categories: direct circumstantial evidence and indirect circumstantial evidence. Direct circumstantial evidence is evidence that is not in itself proof of the offense but which, when combined with other evidence, tends to prove the offense.
 - Indirect circumstantial evidence is evidence that is not in itself proof of the offense but which, when combined with other evidence, tends to disprove the offense.
 - The classification of circumstantial evidence is not based on the quality of the evidence or the quality of the proof.
 - The use of circumstantial evidence is often necessary in criminal trials involving lesser crimes, homicide and other serious crimes.
