Stylistics Daniel McIntyre:

Stylistics Lesley Jeffries, Daniel McIntyre, 2010-09-30 An introduction to the study of style in language offering practical advice on how to stylistically analyse texts **The Literary-Linguistic Analysis of the Bible**, 2024-09-16 This collection of essays explores the rich intellectual heritage of Russian Formalism and the Prague School of Linguistics to illuminate their influence on the field of biblical studies and apply their constructive and creative potential for advancing linguistic theory discourse analysis and literary interpretation of the texts of the Old and New Testaments in their original languages *The Message of the Jerusalem Council in the Acts of the Apostles* Zachary K. Dawson, 2022-03-28 By applying a linguistic stylistic analysis this study argues that Luke's construal of the Jerusalem Council in Acts 15 and its related passages attempt to subvert a tradition within Second Temple Jewish literature that threatened the unity of multi ethnic churches **Speech, Writing, and Thought Presentation in 19th-Century Narrative Fiction** Beatrix Busse, 2020-07-07 This book investigates speech writing and thought presentation in a corpus of 19th century narrative fiction Beatrix Busse develops a new corpus stylistic approach for analyzing and automatically identifying historical strategies of discourse presentation On the basis of the identification of these diachronic patterns and their positioning in cultural historical context Busse shows how discourse presentation furthers narrative progression and shapes readers expectations **Style** Brian Ray, 2014-11-01 *Style* An Introduction to History Theory Research and Pedagogy conducts an in depth investigation into the long and complex evolution of style in the study of rhetoric and writing The theories research methods and pedagogies covered here offer a conception of style as more than decoration or correctness views that are still prevalent in many college settings as well as in public discourse Language and Style Dan McIntyre, Beatrix Busse, 2020-09-03 Inspired by Exploring the Language of Poems Plays and Prose Mick Short's classic introduction to stylistics *Language and Style* represents the state of the art in literary stylistics and encompasses the full breadth of current research in the discipline Written by leading scholars in the field chapters cover a variety of methodological and analytical approaches from traditional qualitative analysis to more recent developments in cognitive and corpus stylistics Addressing the three key literary genres of poetry drama and narrative *Language and Style* is divided into carefully balanced sections Based on original research each chapter demonstrates a particular analytic technique and explains how this might be applied to a text from one of the literary genres Framed by helpful introductory material covering the foundational principles of stylistics the chapters act as practical exemplars of how to carry out stylistic analysis Comprehensive and engaging this invaluable resource is essential reading for anyone interested in stylistics Stylistics Lesley Jeffries, Dan McIntyre, 2025 Now in its second edition this textbook provides a practical introduction to stylistics grounded in theories of language It has been updated to cover every aspect of the discipline from its origins to state of the art research It is essential reading for students and researchers interested in this exciting field of study *Corpus Stylistics in Principles and Practice* Yufang Ho, 2011-03-17 In this book Yufang Ho compares the text style

difference between the two versions of John Fowles *The Magus* exemplifying the methodological principles and analytic practices of the corpus stylistic approach *The Magus* was first published in 1966 and was revised and republished by Fowles in 1977 Fowles own comment on the second edition was that it was rather more than a stylistic revision The book explores how the revised version is linguistically different from the original especially in terms of point of view re representation The corpus stylistic approach adopted combines qualitative and quantitative comparison to confirm the overall text style difference The analysis demonstrates that computer assisted methods can identify significant linguistic features which literary critics have not noticed and provide a more detailed descriptive basis for literary interpretation of either edition of the novel This analysis of *The Magus* serves as a case study and exemplar of how corpus techniques may be used generally in the study of linguistics **Journal of Linguistics** ,2010-11 **English Linguistics** ,1996 Stylistic Manipulation of the Reader in Contemporary Fiction Sandrine Sorlin,2019-12-12 This book focuses on how readers can be manipulated during their experience of reading fictional texts and how they are incited to perceive process and interpret certain textual patterns Offering fine grained stylistic analysis of diverse genres including crime fiction short stories poetry and novels the book deciphers various linguistic pragmatic and multimodal techniques These are skilfully used by authors to achieve specific effects through a subtle manipulation of deixis metalepsis dialogue metaphors endings inferences or rhetorical narratorial and typographical control Exploring contemporary texts such as *The French Lieutenant's Woman* *The Remains of the Day* and *We Need to Talk About Kevin* chapters delve into how readers are pragmatically positioned or cognitively mis directed as the author guides their attention and influences their judgment They also show how readers responses can conversely bring about a certain form of manipulation as readers challenge the positions the texts invite them to occupy **Chick Lit** Rocío Montoro,2014-01-09 In recent times Chick Lit has risen to a certain level of prominence This is the first book length study that looks into the distinctive features of this much discussed genre Chick Lit is examined in relation to its linguistic peculiarities and their role as far as narrative sociological and feminist issues are concerned amongst others Montoro s stylistics includes a cognitive slant that highlights further readerly aspects of the texts The approach illuminates how the genre works and how it is set apart from others In this respect the stylistics of chick lit is understood in its context of production and reception Montoro evaluates reading processes and investigates readers responsive attitude to the genre This interdisciplinary work explores the boundaries of the stylistics of chick lit and works reflectively looking at how exploring this genre can help the twofold aim of testing existing models of linguistic and cognitive analysis It will be essential reading for those interested in cutting edge stylistics *In Search of Canadian Materials* ,1978 *The American Organist* ,1988 *The Da Capo Book Of American Singing Groups* Jay Warner,2000-04-06 A one of a kind guide to the great American singing groups from the Andrews Sisters to the New Kids on the Block *Comprehensive Dissertation Index, 1861-1972: Language and literature* Xerox University Microfilms,1973 *American Prose and Criticism, 1820-1900* Elinore Hughes
