Styx And Stone An Ellie Stone Mystery:

Styx & Stone James W. Ziskin, 2013-10-15 Ellie Stone is a professed modern girl in 1960s New York City playing by her own rules and breaking boundaries while searching for a killer among the renowned scholars in Columbia University's Italian Department. If you were a man you'd make a good detective. Ellie Stone is sure that Sgt. McKeever meant that as a compliment, but that identity of a girl wanting to do a man's job has throttled her for too long. It's 1960 and Ellie doesn't want to blaze any trails for women; she just wants to be a reporter, one who doesn't need to swat hands off her behind at every turn. Adrift in her career, Ellie is back in New York City after receiving news that her estranged father, a renowned Dante scholar and distinguished professor, is near death after a savage bludgeoning in his home. The police suspect a routine burglary, but Ellie has her doubts. When a second attempt is made on her father's life in the form of an accident in the hospital's ICU, Ellie's suspicions are confirmed. Then another professor turns up dead, and Ellie's investigation turns to her father's university colleagues, their ambitions, jealousies, and secret lives. Ellie embarks on a thorny journey of discovery and reconciliation as she pursues an investigation that offers her both a chance at redemption in her father's eyes and the risk of losing him forever.

Stone Cold Dead James W. Ziskin, 2015-05-12 December 21, 1960, the shortest day of the year. Fifteen-year-old Darleen Hicks slips away from her school bus as it idles in the junior high parking lot, waiting to depart. Moments later, the bus rumbles away without her, and she is never seen again. New Year's Eve, 1960. The small upstate town of New Holland, New York, is in the grips of a severe cold snap when Ellie Stone receives a late-night caller, Irene Metzger, the grieving mother of Darleen Hicks. She tells Ellie that the local police won't help her; that they believe Darleen has run off with some older boy and will return when she is ready. Irene has read Ellie's stories in the paper on an earlier murder case and believes Ellie is her last hope. Ellie Stone is on a chilling journey to a place of uncertainty, loss, teenage passion, and vulnerability where Ellie's questions are unwanted and her life is in danger. From the Trade Paperback edition. **No Stone Unturned** James W. Ziskin, 2014-06-10 In her second mystery, Ellie Stone, a young reporter in 1960s upstate New York, plays by her own rules while searching for a killer, putting her own life at risk. A dead girl in the woods. Three little oil spots on the dirt road. A Dr Pepper bottle cap in the shallow grave. And a young reporter armed with nothing but a camera. Evening is falling on a wet, gray autumn day in upstate New York. Ellie Stone, twenty-four-year-old reporter for a small local daily, stands at a crossroads in her career and in her life. Alone in the world, battling her own losses and her own demons, Ellie is ready to pack it in and return to New York, a failure. Then she hears the dispatch over the police scanner: A hunter tramping through a muddy wood north of the small town of New Holland has tripped over the body of a twenty-one-year-old society girl, half-buried in the leaves. Ellie is the first reporter on the scene. The investigation provides a rare opportunity to rescue her drowning career, but all leads seem to die on the vine until Ellie takes a daring chance that unleashes unintended chaos. Wading through a voyeuristic tangle of small-town secrets, she makes some desperate enemies who want her off the case. Dead, if necessary.

Mystery Women, Volume Three (Revised) Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008
