legs and feet had forgotten how to do well everything The question that burned in her mind was Will I ever walk again What Ruth thought would be three days in the hospital turned into months of rehabilitation as she relearned not only how to walk run pee and even have sex again but how to better appreciate everyone around her including her devoted husband her two young sons her worried parents her sisters her loving friends and the caring staff at the rehab center who help her tackle her recovery head on Laugh out loud outrageous and searingly honest this is a memoir that not only entertains but inspires readers to put their best foot forward and walk off anything life throws their way **Mademoiselle ,1987 Walk Off**
