Federal Communications Commission, 2013 **Saving America** Mark Aesch, 2016-10-14 National polling indicates that for the first time in American history people believe their children will not be as well off as they are The primary reason for this The lack of performance by government The public sector receives trillions of American taxpayer dollars every year and yet because of its seeming inability to run effectively government is not delivering the level of service the people are paying for In *Saving America* Mark Aesch tells us where government at the local state and federal level is falling short and offers a coherent non partisan Seven Step plan for rebuilding our nation s public agencies The book is not a political broadside or a theoretical academic tract it s an accessible guidebook that helps local citizens elected officials and administrators make American government great again The Seven Steps process will lead to measurable gains for organizations large and small including school systems municipal governments entire states and even the federal government itself **I Know Best** Roger L. Simon, 2016-06-14 In 1979 Christopher Lasch published the epochal *The Culture of Narcissism* warning of the normalizing of narcissism in our society Lasch may have understated it 35 years later in the Obama era with its parade of endless often inexplicable scandals we have a full blown epidemic of what has recently been called Moral Narcissism Forget Narcissus and his reflection Moral Narcissism the almost schizophrenic divide between intentions and results now pervading our culture is the new method for feeling good about yourself It no longer matters how anything turns out as long as your intentions were good that you were moral And just as importantly the only determinant of those intentions the only one who defines that morality is you *I Know Best* goes beyond Lasch to lay bare how this moral narcissism is behind all those scandals from Obamacare to the Veteran s Administration to the IRS Benghazi Bergdahl Syria and beyond Everything the Obama administration did and does was about making them feel good about themselves the results be damned And they have as their allies those supreme moral narcissists in the academy media and Hollywood ever willing to ratify those good intentions and ignore those same results But *I Know Best* is not just about the Left Moral Narcissism affects the right as well even when they don t realize it It is a true epidemic that must be cured in order to save our democratic republic and our futures **The Gulf** Jack E.
