LEACH,2014-01-20 WHAT IS THE PROBLEM True Christianity is under siege in America today Satan has spread two of the most evil deceptions in his arsenal secular humanism No God in our society and institutions and religious Christianity No Spirit in the churches Both deny Christs finished work of grace divine favor Things are looking bleak to many people seeking reality They realize that Satan and his kingdom of darkness are behind Americas chaotic world systems Notice our world of politics world of social action and justice world of education world of finances world of marriage and the family world of sports even the world of weather are distorted and corrupted For the past century we have stood by blindly as Satan has secularized our society and religionized many of our Christian churches Gods people must stand in the gap for this great nation There is hope God is meeting the needs with abundance of living grace through the restored power of the Holy Spirit and restored truths of His Word making leaders and their people the true salt and light through inward transformation and embracing the restored teaching and reality of living grace the finished work of Christ and right relationships in Him Thus God is rising up anointed Para ministries among professing Christians and churches who are hearing what the Spirit is saying to the churches Nothing is too hard for God      *The Apostolic Rising* Jay Leach,2021-02-05 IF YOU KNOW WHAT YOU ARE DOING IS WRONG WHY CONTINUE TO TRAIN OTHERS TO DO THE SAME The Church is not only the community of the redeemed but also the redeeming community of the lost We are not only

commanded by our Lord and Savior but also impelled by the indwelling Spirit of God to declare the message of God s redeeming love and reconciliation in Jesus Christ to all peoples I see a new apostolic generation rising in the earth today who are radically Christ centered Acts 1 8 This Spirit filled new wineskin will hold the new wine God is pouring out The new is simply a restoration of what has been lost for 2000 years What we need most is a renewal of the understanding practice and commitment to the Great Commission of the early apostolic church of whom it was reported They turned the world upside down Many local churches are offering institutional religious substitutes Dr Leach argues Pastors If what you are doing is wrong unbiblical and you know it why do you continue to train others to do the same He insists that we are trying build Christ s Church and kingdom without Him using man made standards plans and blueprints If Christ is really the true foundation of what you are building why can t your instructions be found in the Letters and the Book of Acts Displaying His love Jesus counsels As many as I love I rebuke and chasten Therefore be zealous and repent He who has an ear let him hear what the Spirit says to the churches Revelation 3 19 22 *The Publishers Weekly*, 1914 **Step by Step** Ana Maria Rojo Lopez, 2009 This book is a course in contrastive linguistics and translation which introduces the basics of linguistic analysis as applied to translation Translation is presented as a problem solving activity and linguistic analysis is proposed as a useful methodological tool to identify a wide range of translation problems The course adopts a method which starts with the translation of words and goes up step by step through the different levels of linguistic structure to the level of pragmatic context Myriad examples and a wide variety of exercises enable readers to acquire and practise some of the most common strategies translators use to solve the problems encountered at the different levels of linguistic analysis The book aims at providing students with the theoretical and methodological tools needed to reinforce their linguistic and textual competence in the languages involved and make adequate progress along the translation process As theoretical tools students are given an overview of basic translation concepts and linguistic tools central to contrastive linguistics and textual analysis As methodological tools students are presented with a working method that at the beginning will allow them to grasp the principles and strategies that govern general translation and which they could later extrapolate to specialised translation
