*The Lost Language of Symbolism* Harold Bayley,2000 An Inquiry into the

Origin of Certain Letters Words Names Fairy Tales Folklore and Mythologies Bayley spent years gathering knowledge of

symbols and emblems from many different areas He has a scholarly command over mythology folklore religious texts and

fairy tales from around the world that shows clearly how and why important symbols were used Stories are often cross

referenced showing how other diverse cultures from around the world had similar tales A gold mine for any serious

**The Wedding Song of Wisdom Echoes from the Gnosis Volume XI** G. R. S.

Mead,2015-11-25 The Hymn which forms the subject of this little volume has no traditional title Like The Hymn of the Robe

of Glory which formed the last of these Echoes it is found in the Syriac Acts of Judas Thomas where it is put in the mouth of

the Apostle who is said on his travels to have been guest of honour at a bridal feast In addition to the Syriac we have a Greek

text which is plainly a translation The Greek is in prose but the Syriac for the most part in verses of twelve syllables in

couplets just like The Hymn of the Robe of Glory As Macke tells us p 17 where the Greek and Syriac agree the verses are of

six syllables or more correctly as Burkitt has pointed out p 277 normally 6 6 but sometimes 5 7 Moreover the Greek can be

translated back into metred Syriac where the present Syriac departs from the metre An Armenian version also existed of

which unfortunately we now possess only the opening and closing lines All scholars agree that the original Hymn was

composed in Syriac but is our Syriac text as it stands the original It plainly is not it has been overworked as the Germans call

it by an editor and that too to serve certain theological interests while the scraps of the Armenian version show that it in its

turn had been still further over worked

The Quest ,1924

Thinking Biblically André LaCocque,Paul Ricoeur,1998 This

collaboration sets the words of a distinguished biblical scholar Andre LaCocque and those of a leading philosopher Paul

Ricoeur in dialogue around six crucial passages from the Old Testament the story of Adam and Eve the commandment thou

shalt not kill the valley of dry bones passage from Ezekiel Psalm 22 the Song of Songs and the naming of God in Exodus 3 14

Commenting on these texts LaCocque and Ricoeur provide a wealth of new insights into the meaning of the different genres

of the Old Testament as these made their way into and were transformed by the New Testament
