## EMERGENCY MEDICAL SERVICES—A NEW IDEA

Saving lives is what it's all about. It's Emergency Medical Services (EMS), and some of the technology is new. Some of the techniques are new. But the purpose is the same as it's always been — to get help to sick and injured people when they need it.

But, EMS in Albany is more than an ambulance. A volunteer service that simply transports people. We know that EMS training was available and that an emergency room was

## EMERGENCY MEDICAL SERVICES—A NEW IDEA

We do it with the ambulance. We go to the scene where someone is sick or injured and provide medical services until an ambulance arrives.

Patients are taken to Shackelford County Hospital for emergency treatment.

"Our service makes emergency care the kind of service we provide in professional care," said the director of the department.

"We're not in competition with the ambulance service," we don't even have an ambulance," Pratt said. "What

We need is someone to buy the kind of medical equipment necessary. And we need people in Albany to know that they should expect really good care," he continued.

"Each person like the third public service, like the police and fire departments, they need people. EMS training, available to anyone, is necessary. The Public Health Region IV office in Albany.

The course was held from 8 to 10 a.m. and a commitment.

In Albany at least five people are committed.

The numbers to call for EMS in Albany are 782-2231 for an ambulance and 782-2000 for the rescue team.

"We want to save lives," says Pratt. "It's as simple as that. And with everyone's help we'll do it."

Glen Pratt went to College Station, Texas where he will receive his EMS training. He will be responsible for the laws and regulations of Volunteer Fire Department. He will be handling legislation and Albany will pass the regulations. He will be responsible for the laws and regulations of the EMS.
