F. Shipper, 2014-08-13 Today s views of leadership and management have significantly expanded to incorporate a variety of elements such as rewards visions and worker participation However most perspectives still view leadership as something that is assigned to a designated person who then exercises influence downward toward subordinate followers In many ways the persistent top down command and control theme that supports established leadership thought and practice prevents organizations from fully tapping into their human

resources in turn limiting their flexibility to meet the challenges of increasingly dynamic complex and competitive environments Shared Entrepreneurship replaces the top down approaches of the past with a new framework that draws strengths and innovation from collaboration and sharing This book is divided into two main sections The first section consists of six chapters which provide an in depth overview and discussion of shared entrepreneurship The second section consists of eight original case studies commissioned by the authors featuring such companies as Herman Miller Inc SRC Holdings and W L Gore Associates Field Artillery ,2006 **Building Resilient Manufacturing Operations** Mark Woeppel,2025-10-07 Building Resilient Manufacturing Operations is a powerful guide for manufacturers battling daily chaos and systemic inefficiency Grounded in the Theory of Constraints ToC this book shows leaders how to gain control of their operations drive reliable performance and build long term resilience Drawing on the author s decades of hands on experience and real world success it provides both strategic frameworks and tactical tools for turning manufacturing mayhem into competitive advantage Whether you re in crisis or seeking strategic growth this book equips you with the tools to become the supplier of choice in your industry Key Features Includes high impact case studies that detail real world ToC applications and an inventory management system that makes sense Provides a step by step implementation plan for sustainable reliable production systems that deliver products on time all the time Integrates ToC with Lean Six Sigma and proven project management principles for enterprise wide impact Demonstrates measurable gains such as cost savings throughput increases and market competitiveness to equip manufacturers with a roadmap for sustained success Traces the evolution of ToC from scheduling tactics to a strategic management framework and provides some real world applications of Drum Buffer Rope Critical Chain and constraint based thinking *Adrenaline Junkies and Template Zombies* Tom DeMarco,2008 Adrenaline junkies dead fish project sluts true believers Lewis and Clark template zombies Most developers testers and managers on IT projects are pretty good at recognizing patterns of behavior and gut level hunches as in I sense that this project is headed for disaster But it has always been more difficult to transform these patterns and hunches into a usable form something a team can debate refine and use Until now In Adrenaline Junkies and Template Zombies the six principal consultants of The Atlantic Systems Guild present the patterns of behavior they most often observe at the dozens of IT firms they transform each year around the world The result is a quick read guide to identifying nearly ninety typical scenarios drawing on a combined one hundred and fifty years of project management experience Project by project you ll improve the accuracy of your hunches and your ability to act on them The patterns are presented in an easy reference format with names designed to ease communication with your teammates In just a few words you can describe what s happening on your project Citing the patterns of behavior can help you quickly move those above and below you to the next step on your project You ll find classic patterns such as these News Improvement Management By Mood Ring Piling On Rattle Yer Dags Natural Authority Food Fridge Door and more than eighty more Not every pattern will be evident in your organization and not every

pattern is necessarily good or bad However you ll find many patterns that will apply to your current and future assignments even in the most ambiguous circumstances When you assess your situation and follow your next hunch you ll have the collective wisdom of six world class consultants at your side **Billboard Music Week** ,1949-07 *Box Office* ,1938
