RECOMMENDED BY: THE BOSTON COUNCIL'S ATTORNEY, MICHAEL J. KELLY

The Boston City Council has a longstanding policy that protects citizens and government officials from being forced to disclose their communications with \_\_\_\_\_, the City's legal counsel, or any other attorney retained by the City. This has raised concerns about the City Council's ability to provide effective representation to the City and has led to a proposal to cancel the City Council's confidentiality agreements with \_\_\_\_\_.

Rees,Nola K. Copeland,1960 Absence of gravity results in the loss of many familiar kinesthetic cues of weight and friction necessary to man for object discrimination and manipulation Man s ability to discriminate small differences in mass as opposed to small differences in weight was studied Four weight series were used each consisting of a standard 1000 3000 5000 or 7000 grams and nine comparison stimuli Judgments for mass differences were made with the same weights supported by compressed air on an air bearing table Thus the frictionless aspect of a weightless environment was simulated Results show that the mean difference limen mean standard deviation and Weber ratio S S for each standard are much larger for mass than for weight Thus to be detected under a weightless condition mass increments must be at least twice as large as the weight increments required for discrimination in a normal weight lifting situation Abstract 8.01 Presentation in Weightlessness Peggy Joy Hollermann,2000 **Weightlessness - Zero Gravitation** United States.
