## Apple Music Deal

**David Ardití**

## Apple Music Deal:

*The Values of Independent Hip-Hop in the Post-Golden Era* Christopher Vito, 2019-02-08 Utilizing a mixed methods approach this book uncovers the historical trajectory of U S independent hip hop in the post golden era seeking to understand its complex relationship to mainstream hip hop culture and U S culture more generally Christopher Vito analyzes the lyrics of indie hip hop albums from 2000 2013 to uncover the dominant ideologies of independent artists regarding race class gender sexual orientation and social change These analyses inform interviews with members of the indie hip hop community to explore the meanings that they associate with the culture today how technological and media changes impact the boundaries between independent and major and whether and how this shapes their engagement with oppositional consciousness Ultimately this book aims to understand the complex and contradictory cultural politics of independent hip hop in the contemporary age

**Getting Signed** David Ardit, 2020-09-28 Record contracts have been the goal of aspiring musicians but are they still important in the era of SoundCloud Musicians in the United States still seem to think so flocking to auditions for The Voice and Idol brands or paying to perform at record label showcases in the hopes of landing a deal The belief that signing a record contract will almost infallibly lead to some measure of success the ideology of getting signed as Ardit defines it is alive and well Though streaming social media and viral content have turned the recording industry upside down in one sense the record contract and its mythos still persist Getting Signed provides a critical analysis of musicians contract aspirations as a cultural phenomenon that reproduces modes of power and economic exploitation no matter how radical the route to contract Working at the intersection of Marxist sociology cultural sociology critical theory and media studies Ardit unfolds how the ideology of getting signed penetrated an industry created a mythos of guaranteed success and persists in an era when power is being redefined in the light of digital technologies
