Bachrach, 2020-05-07 Schermerhorn Management 14e continues to offer the same balanced theory approach as with previous editions. Students need an active and engaged learning classroom environment that brings personal meaning to course content and the instructor's course objectives. Schermerhorn communicates with students through rich, timely features and cases that bring management topics, theories, and concepts to life. The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test.     *World Internet Development Report 2019* Publishing House of Electronics Industry, 2021-04-29 This book systematically reviews world Internet development over the past 50 years and comprehensively discusses the great contributions it has made to economic and social advances. Further, it describes the development status and trends related to the Internet in major countries around the globe in 2019 and provides an in-depth analysis of the latest conditions, dynamics, and development trends in key areas including information infrastructure, information technology, digital economy, digital government, Internet media, cyberspace security, and international cyberspace governance. Moreover, the book further modifies and enhances the Global Internet Development Index System in order to better show the Internet development strengths and advantages in various countries and to reflect the global development trends more comprehensively, accurately, and objectively. This book reviews the significant developments and summarizes the lessons learned as well as the future challenges. From a global perspective, it offers a vision of building a community with a shared future in cyberspace based on the new concepts, new ideas, and new achievements of various countries participating in cyberspace development and construction. As such, it is a valuable reference resource for anyone working in Internet-related fields such as those in government departments, internet enterprises, scientific research institutions, colleges, and universities wanting to fully understand world Internet development.
