## **Spotify 2025 Open Now:**

**Podcasting** Jeremy Wade Morris, 2024-05-31 Podcasting burst onto the media landscape in the early 2000s. At the time, there were hopes it might usher in a new wave of amateur and professional cultural production and represent an alternate model for how to produce, share, circulate, and experience new voices and perspectives. Twenty years later, podcasting is at a critical juncture in its relatively young history: a moment where the early ideals of open standards and platform-neutral distribution are giving way to services that prioritize lean-back listening and monetizable media experiences. This book provides an accessible and comprehensive account of one of digital media's most vibrant formats. Focusing on the historical changes shaping podcasts as a media format, the book explores the industrial, technological, and cultural components of podcasting alongside case studies of various podcasts, industry publications, and streaming audio platforms (e.g., Spotify, Google, and Apple Podcasts). Jeremy Wade Morris argues that as streaming platforms push to make podcasting more industrialized, accessible, user-friendly, and similar to other audio media like music or audiobooks, they threaten podcasting's early, though always unrealized, promises. This is the go-to introduction for students and researchers of media communication and cultural studies, as well as readers who enjoy making and listening to podcasts.

**Gaslighting for God** Becky Garrison, 2026-01-27 A deep and sharply insightful commentary on narcissistic leadership, including valuable and practical ways to spot a predator in pastoral clothing. Tia Levings, author of the NYT Bestselling *A Well-Trained Wife: My Escape from Christian Patriarchy*. In a world full of uncertainty, self-styled spiritual saviors are out hawking salvation like it's the latest TikTok trend. Enter *Gaslighting for God*. Becky Garrison's razor-sharp unmasking of the unfortunate narcissism underneath so much American spirituality. With a court jester's wit, Garrison reveals the tactics of gurus who weaponize faith to build empires, whether it's playing out in a megachurch, a progressive space, or a supposedly transformational wellness community. Drawing on decades of reporting, insightful commentary, and offering entertaining lists and images, Garrison arms readers with the mindset to spot the spiritual con, whether from self-promoters basking in the spotlight or those quietly operating under the radar. She details the narcissistic personality traits, the narrative rewriting, the power imbalances, and the divine exceptionalism that are the classic markers of subtle spiritual manipulation. But this isn't just a takedown. With humor and grounded hope, Garrison charts a path for disentangling from toxic dynamics and finding healthier spiritual spaces. Equal parts exposé and survival manual, *Gaslighting for God* trains readers to trust their instincts, sidestep the snake oil, and reclaim a faith or nonfaith built on authenticity rather than charisma.
