### **Zedie and Zoola's Playful Universe: A Practical Guide to Supporting Children with Different Communication Styles at Playtime**

Vanessa Lloyd-Esenkaya, 2022-12-08 Playtime is essential for children's wellbeing and provides key opportunities to make friends. Yet for some children unstructured play can present real challenges. This beautifully illustrated guide is designed to be used alongside Zedie Zoola's Playtime Cards, a pack of 25 cards containing ideas for fun playground games that draw from Zedie Zoola's Playful Universe and encourage children with different communication styles to play together. Zedie Zoola Light Up the Night, a colourful storybook which draws on themes relating to friendships, neurodiversity, participation and advocacy. The cards and storybook explore the topic of communication differences through engaging characters and games. This accompanying guide offers additional advice for adults to use the cards effectively with helpful contextual information to assist in making playtimes more accessible for children with communication conditions. This is an essential resource for parents, primary school teachers and speech and language therapists, as well as anyone looking for new ways to foster an inclusive environment to help children aged 6-9 with different communication styles engage and play with their peers.

*Teaching for Peace and Social Justice in Myanmar* Mary Shepard Wong, 2022-06-02 Bringing together scholars and educators based in Myanmar, the USA, the UK, Denmark and Thailand, this book presents new perspectives and research on the struggle for social justice and peace in Myanmar at this critical juncture. It shows how actors from diverse backgrounds and regions of Myanmar are drawing from their identities, evoking their agency and using critical pedagogy to advance social justice and peace. The chapters provide the compelling life stories of the authors, specific examples of what they are doing and insights of how their work might be applied to other contexts. The topics discussed include addressing structural violence, peace curriculum development, identity based conflict teaching, the history of the country, promoting inclusion, civic education, critical pedagogy, teacher agency and agendas of research funding for peacebuilding. The foreword and afterword, written by well known scholars of Myanmar, address the relevance and importance of the book vis-à-vis the current social and political crisis following the February 2021 military coup.

*The Innovative Parent* Erica Curtis, Ping Ho, 2019-04-15 Even the best talk-based practices in parenting can be limiting. How can art help parents temper storms of emotion, defuse sibling conflicts, get teeth brushed and raise happy, successful kids? In *The Innovative Parent*, Erica Curtis and Ping Ho integrate cutting edge research, years of clinical expertise and their own parenting experience into a revolutionary yet practical guide to creative parenting. Plentiful illustrations and anecdotes bring concepts to life and show art in action with kids and parents. Together, Curtis and Ho let parents in on art therapy trade secrets to help children make sense of emotions, build connections with others, develop problem solving skills, resolve day to day conflicts, process and retain information, confront fears and anxiety and much more. These are complex tasks for something as seemingly simple as making art, yet therein lies the beauty of *The Innovative Parent*. Its down to earth approach is simple, doable and fun.
