**Cold feet** Francois Keyser,2021-05-18 She s a wedding planner in love with love She loves seeing couples get married and commit to each other and longs for her own romantic wedding day someday He s a divorce lawyer who doesn t believe in love He sees couples as opportunities to make money with prenups before their weddings and as potential repeat business when and if they divorce Their initial meeting goes from attraction to dislike of one another at a wedding that turns into an unbelievable disaster for her When they meet again in the future will they be able to put the past behind them and find love together or will some opposites never be attracted to each other VIOLA I m in love with love and I love couples who are in love They are my bread and butter after all but that s not why I love them There s something so magical to see a couple choose to go into the future together to face life s challenges together and rise above it all to come out on the other side stronger and more in love than ever before I love it so much that I became a wedding planner Watching couples young and old committing their lives to each other is something that s just so special No couple is the same There s something different about all of them that makes each one special I never get tired of seeing couples stare lovingly into each other s eyes as they plan prepare and execute their wedding ceremony pledging their undying love to one another for the rest of their lives I haven t got there yet myself but watching other couples keeps my dream of finding Mr Right alive But life doesn t always see things the way we dream of them turning out It sure didn t see it my way when he crossed my path RICK I don t believe in love If it really exists why are there so many broken relationships and people in the world Not that I care about the broken relationships I mean After all they are my bread and butter And those events called weddings are my hunting ground After all people lay the foundation for the demise of their marriage before they re even married Prenups and all sorts of agreements are designed to protect their wealth and their assets and force others to stay with them even when they don t want to anymore Weddings give couples the right to punish each other when they don t want to be together anymore for whatever reason So when anyone tells you that it starts with a wedding they re wrong It starts with a lawyer And if it ends well it ends with a lawyer too Funny that Often the people that I work for before their wedding come knocking on my door a few years down the line Repeat business So love is great and it is for me but just not for me if you get what I mean When I met the wedding planner she was incensed at the thought that we might collaborate Other planners have no issue with it Why she should have I don t get it Normally I would just walk away but the universe seems to have other plans Translator Francois Keyser PUBLISHER TEKTIME
