Tregoning, 2014-06-02 Enemies old and new circle around the group of young women known as the Aligerai waiting for a fatal mistake One of the Aligerai's own remains trapped in the Chaos world of Metanoia And the threat of the soul eating demons and the end of Cor looms ever closer Sita and her friends Ariene and Roxanne must stay one step ahead of their enemies and find a way to track and defeat the demon Pur But each of the Aligerai faces their own internal battle When their enemies strike too close to home the Aligerai must decide whether to stay together or splinter apart **Art and Ritual in**

the Black Diaspora Paul Griffith, 2016-12-14 Archetypes of Transition in Diaspora Art and Ritual examines residually oral conventions that shape the black diaspora imaginary in the Caribbean and America Colonial humanist violations and inverse issues of black cultural and psychological affirmation are indexed in terms of a visionary gestalt according to which inner and outer realities unify creatively in natural and metaphysical orders Paul Griffith's central focus is hermeneutical examining the way in which religious and secular symbols inherent in rite and word as in vodun limbo the spirituals puttin on ole massa and dramatic and narrative structures for example are made basic to the liberating post colonial struggle This evident interpenetration of political and religious visions looks back to death rebirth traditions through which African groups made sense of the intervention of evil into social order Herein moreover the explanatory epistemic and therapeutic structures of art and ritual share correspondences with the mythic archetypes that Carl Jung posits as a psychological inheritance of human beings universally **Rhetoric, Power, and Community** David Jasper, 2009-06-18 Rhetoric has returned vigorously to the

agenda of a number of academic disciplines Aristotle defended the art of rhetoric while Plato was suspicious of its manipulative power to persuade This study examines rhetoric in the context of different kinds of religious texts from sacred scripture to liturgy to contemporary and postmodern writing and religion How does the believing community negotiate rhetorical power games which may be exercised upon it and do we have to be bold to see the ironies and the joke which may

be played upon us in the name of the truth of religion This book is an exercise in rhetoric which is itself suspicious of the rhetorical arts Its concerns are profoundly theological though perhaps offensive to theology as it is often practiced in the church and the academy It offers no conclusion but perhaps a way of exploring and of looking afresh *Transformational Sales Leadership* Christine A.
