Effects of Consumerism on Modern Society. In what Aspects does Consumerism form an Identity? Leonie Quicker, 2023-06-23 Seminar paper from the year 2019 in the subject Sociology Consumption and Advertising, grade 1.3 University of Paderborn, Kulturwissenschaft, language English, abstract. This term paper is set out to investigate in what aspects consumerism forms an identity and to what degree it affects modern society. In order to gather information and data, this research project will look at different Instagram accounts and groups like richkids__official or women_luxurys_life. How do they advertise certain products and in what way do these people represent themselves within a particular picture? Simultaneously, this term paper will explain the consequences of consumerism on businesses, society in general, and people's mental health. Sources that will be needed to answer these questions are going to be Yiannis Gabriel and Tim Lang's *The Unmanageable Consumer: Contemporary Consumption and its Fragmentations* from 1995, in which the different functions of a consumer are thoroughly explained and analysed. In addition, J. D. Forbes' *The Consumer Interest* published 1987 defines different sections in which consumerism influences society. Using these sources and explanations, this research project will try to answer the question of how consumerism forms an identity and to what degree it thereby affects society.
