**Active Learning in the Mathematics Classroom, Grades 5-8** Hope Martin, 2007-02-26 Deepen students understanding of math concepts through active involvement. Engaging students directly in creative learning experiences is the basis of author Hope Martin's approach for re-energizing mathematics instruction. Active Learning in the Mathematics Classroom Grades 5-8 Second Edition offers attention grabbers such as Algebra Jokes, The M M Mystery, How Long Would It Take to Walk to China and Gummi Worms to help students use mathematics as a powerful problem solving tool. Gain meaningful understandings of key concepts and effectively communicate their mathematical thinking. Presenting a generous collection of student activities aligned with the five NCTM content standards, this revised edition of Multiple Intelligences in the Mathematics Classroom features a new chapter addressing algebra concepts. Reproducible student pages for each activity. Journaling questions to engage students in writing about mathematics. Specific Web site resources. With step-by-step directions, suggestions, tips and variations for implementation, this updated text provides a rich instructional resource for teachers, mathematics specialists and curriculum directors.

**1001 Best Internet Sites for Educators** Mark Treadwell, 2001-06 This second edition of a resource designed to help teachers find relevant information on the Internet for both themselves and their students provides concise reviews of more than 1 000 Web sites sorted by subject area. Each site is evaluated with one to five stars for content presentation and grade level. Easy-to-follow explanations are provided of how each site can be used in the classroom. Also presented are search tips to help teacher find more sites on their own. Besides the rating of Internet sites, the book includes information on hardware and software requirements, safety on the Internet, plug-ins and helpful information such as criteria for site selection and searching the Web. An element called Finding Where You Have Been helps teachers relocate sites they have viewed. Other helpful features are Searching the Web and a Glossary of Terms to familiarize teachers and students with the Internet. The introductory material on Safety on the Internet provides guidelines for teachers. A generic Acceptable Use Policy is also included that is copyright free for schools to adapt to their needs. Recommendations for filtering software are offered for Internet use in places where individual monitoring is not possible such as libraries. Data is provided on an Internet license system in which parents or caregivers sign an agreement for their child to access the Internet. Sites are provided under the following curriculum areas: language arts, mathematics, science, foreign languages, general and professional sites for educators, health and physical education, information and communication, music and performing arts, technology in education and visual arts.
