Adventures of the 1800 Club Robert P. McAuley, 2015 The 1800 Club is a 21st Century haven for people seeking to escape New York City's frantic pace. Dressed in clothes their ancestors might have worn during the 1800s, members enjoy foods of the period and read periodicals featuring news of a particular date in 1865. However, the 1800 Club also has an astounding secret: Time Travel. Members travel back in time to keep history on track.

Chapter 1: The Nellie Bly Mission. When Nellie Bly disappears on a short sailing trip, Bill Scott, the president of the 1800 Club, goes back to rescue her and disappears as well. It takes a group effort from the people of the future and the members of the 1800 Club to locate them and the deadly vessel that saved them from a watery grave.

Chapter II: The Mona Lisa Mission. A casual story over a cup of tea starts the 1800 Club on a wild hunt to retrieve the painting from the past and return it to the Louvre.

Time Travel Adventures of the 1800 Club Robert P. McAuley, 2011 Chapter 1: The Mark Twain Mission. There is a tremendous explosion on a docked steamboat, and the levees of New Orleans are destroyed. The city is flooded, and a young Mark Twain vanishes in the muddy waters of the Mississippi River. Not only will the future generations never get to read some of his best works, but also the city will never become the great port and vacation center it is today. The 1800 Club must send a member back and stop the explosion. They need a member who has an understanding of steamboats and their engines and selects Tommy Whitey Madden, a New York City detective. Tommy finds out that in order to prevent the explosion from becoming history, he must inform Mark Twain about his mission and inadvertently gives him an idea for one of his most popular stories.

Chapter 2: The Ronald Reagan Mission. Why would Ronald Reagan simply never exist? It was during his time as President of the United States that the Soviet Union was challenged by him to tear down the Berlin Wall, beginning the end of the Cold War. If he wasn't around to become president, who would take his place? Find out how an Italian American and a Scottish man of war fight a British man of war to save the future President of the United States.

Outing; Sport, Adventure, Travel, Fiction, 1886 **Time Travel Adventures of the 1800 Club: Book 5** Robert McAuley, 2019-04-28 Chapter I: The Ulysses S. Grant Mission. What would happen if the Confederate Forces captured General Ulysses S. Grant? First off, he was the best general the Union Forces had, and that could open the way for the North to lose the war. Secondly, he would never have become President of the United States of America as he would not have been the hero he was. And with the Confederacy winning the war, Great Britain might have entered the war on their side. This would have split America up forever, ensuring that neither would become a super power, and after awhile, Japan would be the real power in the Pacific. The club sends Robert Andrews, a world-class balloonist and hang glider, to prevent this from happening. After a long train and boat ride with Union Forces, he finally gets to the General when things quickly go wrong. With the help of Angie Verdi, a pretty seamstress and volunteer nurse, Robert chooses to use technology from our time to complete the mission.

Chapter II: The Civil War Spirit Mission. Why would a Union soldier's spirit linger around the battlefield for a few hundred years? This question was answered by a special mission back to the time of the Civil War by one of the Time Watchers group, Fred Wiatre. As a club member, he dresses like his ancestor did, a Captain.
