Thunder Run The Armored Strike To Capture Baghdad:

   Thunder Run David Zucchino,2004 In one of the boldest gambles in modern military history just three battalions and fewer than a thousand men launched a violent thrust of tanks and Bradley Fighting Vehicles into the heart of a city of 5 million people and in three bloddy days of combat ended the Iraqi war Thunder Run is the story of the surprise assault on Baghdad one of the most decisive battle in American combat history by the Spartan Brigade the Second Brigade of the Third Infantry Division Mechanized More than just a rendering of a single battle Thunder Run is a candid account of how soldiers respond under fire and stress and how human frailties are magnified in a war zone   **Thunder Run** ,2006   Thunder Run David Zucchino,2004 Thunder Run is the inside story of one of the most brutal and decisive battles in combat history It is the story of how with fewer than a thousand men and facing dug in Iraqi forces the Second Tusker Brigade of the Third Infantry Division punched a hole through the heart of Baghdad with a high speed charge to Saddam Hussein s Presidential Palace and Republican Guard headquarters A riveting account of how soldiers really respond under fire and how human frailties are magnified in a war zone Many people believe that Baghdad was taken with a minimum of effort But for the Tusker Brigade this was a cruel and terrifying three days of urban warfare This compulsively readable book written by Pulitzer Prize winning journalist David Zucchino does for the battle for Baghdad what Mark Bowden s best selling Black Hawk Down did for the firefight in Mogadishu It is a riveting portrait of the face of battle   **A Military History of the Modern Middle East** James Brian McNabb,2017-03-09 This timely study synthesizes past history with the major military events and dynamics of the 20th and 21st century Middle East helping readers understand the region s present and look into its future The Middle East has been and will continue to be a major influence on policy around the globe This work reviews the impact of past epochs on the modern Middle East and analyzes key military events that contributed to forming the region and its people By helping readers recognize historical patterns of conflict the book will stimulate a greater understanding of the Middle East as it exists today The work probes cause and effect in major conflicts that include the fall of the Ottoman Empire the World Wars the Arab Israeli wars and the U S wars with Iraq examining the manner in which military operations have been conducted by both internal and external actors New regional groups for example the Gulf Cooperation Council GCC are addressed and pertinent events in Afghanistan and Pakistan are scrutinized Since military affairs are traditionally an extension of politics and economics the three are considered together in historical context as they relate to war and peace The book closes with a chapter on the Arab Awakening and its impact on the future balance of power   America's Victories Larry Schweikart,2006-05-18 From the Revolutionary War to the present the American military has consistently beaten the odds It s not luck America s armed services are under attack From college campuses to the floor of the Senate the Iraq war is portrayed as a quagmire the army is described as broken and our men and women in uniform are maligned as torturers By seeing everything through the distorted lens of Vietnam a war shrouded in harmful myths critics have lost sight of our

country s real military record and the factors that have enabled us to win with remarkable consistency in situations even more dire than Iraq In America s Victories Professor Larry Schweikart restores the truth about our amazing military heritage Just as he did in his acclaimed previous book A Patriot s History of the United States Professor Schweikart cuts through the distortions passed along by academia and the media Far from being a cruel bloodthirsty nation eager to acquire other people s resources American troops value the sanctity of life more than any military culture in history This fundamental trait has led over the last two centuries to more humane treatment of prisoners more daring POW rescues and more effective operations than any comparable power America s Victories explains how this culture of victory has endured through the darkest moments of World War II the Korean and Vietnam wars and how it has helped our troops prove their critics wrong over and over from the Battle of New Orleans under Andrew Jackson to the war in Afghanistan under Tommy Franks
