Tiki Pop Imagines Polynesian Paradise

Sven Kirsten

Tiki Pop Imagines Polynesian Paradise:

Tiki Pop Sven Kirsten,2014-08-25 Cult of kitsch The art and history of the Tiki phenomenon Tiki culture at its height was a manifestation of exotic visions of island culture inspired by the tales of American soldiers stationed in the South Pacific during World War II trees loaded with exotic fruits sleepy lagoons white sand beaches and gorgeous people wearing grass skirts as they danced half naked during all night orgies of food and music Americans embraced these visions and incorporated fantasy into reality mid century fashion popular music eating and drinking and even architecture were influenced by the Tiki trend With unfettered enthusiasm ignoring scholarly authenticity and political correctness American artisans molded the Tiki into their own image creating a mid century pop culture genre that was forgotten until the 2000s when urban archeologist Sven Kirsten wrested the figure of the Tiki from obscurity with his pioneering TASCHEN books The Book of Tiki and Tiki Modern This book traces the development of Tiki as romantic vision and kitschy cultural appropriation from its earliest beginnings when James Cook discovered the Pacific Islands in the second half of the 18th century to Herman Melville s South Sea adventure stories like Moby Dick and Gauguin s exuberant exotic paintings to the jungle fantasies of the Hollywood dream factory Published in connection with an exhibition at the prestigious Musee du quai Branly in Paris Tiki Pop the culmination of Sven Kirsten s research efforts With his widely lauded visual style the author places venerable ancient godheads next to their Polynesian pop counterparts With hundreds of previously unpublished images the story of Tiki the 20th century pop icon unfolds from its earliest beginnings to its spectacular downfall in the dawning awareness of the Western world s colonial misdeeds

A Reader in Themed and Immersive Spaces Scott A. Lukas,2016 Themed spaces have at their foundation an overarching narrative symbolic complex or story that drives the overall context of their spaces Theming in some very unique ways has expanded beyond previous stereotypes and oversimplifications of culture and place to now consider new and often controversial topics themes and storylines Publisher s website

Gendering the Trans-Pacific World ,2017-03-06 As the inaugural volume of the new Brill book series Gendering the Trans Pacific World Diaspora Empire and Race this anthology presents an emergent interdisciplinary and multidisciplinary field that highlights the inextricable link between gender and the trans Pacific world The anthology features twenty one chapters by new and established scholars and writers They collectively examine the geographies of empire the significance of intimacy and affect the importance of beauty and the body and the circulation of culture This is an ideal volume to introduce advanced undergraduate and graduate students to Transpacific Studies and gender as a category of analysis Gendering the Trans Pacific World Diaspora Empire and Race is now available in paperback for individual customers

Media Crossroads Paula J. Massood,Angel Daniel Matos,Pamela Robertson Wojcik,2021-02-08 The contributors to Media Crossroads examine space and place in media as they intersect with sexuality race ethnicity age class and ability Considering a wide range of film television video games and other media the authors show how spaces from the large and fantastical to the intimate and virtual are shaped by the social

interactions and intersections staged within them. The highly teachable essays include analyses of media representations of urban life and gentrification the ways video games allow users to adopt an experiential understanding of space the intersection of the regulation of bodies and spaces and how style and aesthetics can influence intersectional thinking. Whether interrogating the construction of Portland as a white utopia in *Portlandia* or the link between queerness and the spatial design and gaming mechanics in the *Legend of Zelda* video game series the contributors deepen understanding of screen cultures in ways that redefine conversations around space studies in film and media. Contributors: Amy Corbin, Desiré J. Garcia, Joshua Glick, Noelle Griffis, Malini Guha, Ina Rae Hark, Peter C. Kunze, Paula J. Massood, Angel Daniel Matos, Nicole Erin Morse, Elizabeth Patton, Matthew Thomas, Payne Merrill, Schleier, Jacqueline Sheean, Sarah Louise Smyth, Erica Stein, Kirsten Moana Thompson, John Vanderhoef, Pamela Robertson Wojcik.

Gauguin's Challenge Norma Broude, 2018-03-08

Several decades have now passed since postcolonial and feminist critiques presented the art historical world with a demythologized Paul Gauguin 1848-1903 a much diminished image of the artist hero who had once been universally admired as the father of modernist primitivism. In this volume both long established and more recent Gauguin scholars offer a provocative picture of the evolution of Gauguin scholarship in the recent postmodern era as they confront and consider how the dismantling of the longstanding Gauguin myth positions us now in the 21st century to deal with and assess the life work and legacy of this still perennially popular artist. To reassess the challenges that Gauguin faced in his own day as well as those that he continues to present to current and future scholarship they explore the multiple contexts that influenced Gauguin's thought and behavior as well as his art and incorporate a variety of interdisciplinary approaches from anthropology, philosophy and the history of science to gender studies and the study of Pacific cultural history. Dealing with a wide range of Gauguin's production they challenge conventional art historical thinking, highlight transnational perspectives and offer clues to the direction of future scholarship as audiences worldwide seek to make multicultural peace with Gauguin and his art. Broude has raised the bar of Gauguin scholarship ever higher in this groundbreaking volume which will be necessary reading for students and scholars of art history, late 19th century French and Pacific culture, gender studies and beyond.

[American Chinese Restaurants](#) Jenny Banh, Haiming Liu, 2019-09-05

With case studies from the USA, Canada, Chile and other countries in Latin America, *American Chinese Restaurants* examines the lived experiences of what it is like to work in a Chinese restaurant. The book provides ethnographic insights on small family businesses, struggling immigrant parents and kids working, living and growing up in an American Chinese restaurant. This is the first book based on personal histories to document and analyze the American Chinese restaurant world. New narratives by various international and American contributors have presented Chinese restaurants as dynamic agencies that raise questions on identity, ethnicity, transnationalism, industrialization, post-modernity, assimilation, public and civic spheres and socioeconomic differences. *American Chinese Restaurants* will be of interest to general readers, scholars and college students from undergraduate to graduate level who wish to know Chinese restaurant.
