

"Of course I'm very sorry, but how could I know you were in the drawer?"

Wendy was not listening to him. "O Peter," she cried, "if she would only stand still and let me see her!"

"They hardly ever stand still," he said, but for one moment Wendy saw the romantic figure come to rest on the cuckoo clock. "O the lovely!" she cried, though Tink's face was still distorted with passion.

"Tink," said Peter amiably, "this lady says she wishes you were her fairy."

Tinker Bell answered insolently.

"What does she say, Peter?"

He had to translate. "She is not very polite. She says you are a great ugly girl, and that she is my fairy."

He tried to argue with Tink. "You know you can't be my fairy, Tink, because I am an gentleman and you are a lady."

To this Tink replied in these words, "You silly ass," and disappeared into the bathroom. "She is quite a common fairy," Peter explained apologetically, "she is called Tinker Bell because she mends the pots and kettles."

They were together in the armchair by this time, and Wendy plied him with more questions.

"If you don't live in Kensington Gardens now?"

"Sometimes I do still."

"But where do you live mostly now?"

"With the lost boys."

"Who are they?"

"They are the children who fall out of their perambulators when the nurse is looking the other way. If they are not claimed in seven days they are sent far away to the Neverland to defray expenses. I'm captain."

"What fun it must be!"

"Yes," said cunning Peter, "but we are rather lonely. You see we have no female companionship."

"Are none of the others girls?"

"Oh, no; girls, you know, are much too clever to fall out of their prams."

This flattered Wendy immensely. "I think," she said, "it is perfectly lovely the way you talk about girls; John there just despises us."

For reply Peter rose and kicked John out of bed, blankets and all, one kick. This seemed to Wendy rather forward for a first meeting.

Playwriting, Dramaturgy and Space Sara Freeman, 2024-01-10 Theatre has come back to text but with perspectives shifted by the experimental practices of the twentieth century across performance forms Contemporary playwriting brings its scenographic engagement to the foreground of the text reflecting the spatial turn in theory and practice In production this spatiality has renewed and enlivened the status and impact of text based theatre Theatre studies needs to better describe the artfulness of contemporary text based theatre bringing to it the same sophisticated lenses scholars and critics have used for performance based theatre and other experimental theatre practices This Element does that by presenting the work of Caryl Churchill Naomi Iizuka and Sarah Ruhl as exemplary of the way text based theatre both its scripts and productions now creates and expects a spatialized imaginary and demonstrates the potentials of text based theatre in an increasingly visual and spatial field of cultural production

asked their advisor to organize their very own theater group for the school Well this teacher told them in no uncertain terms that she knew absolutely nothing about acting and would not even know how to begin a drama program Well the children convinced this teacher to at least try So she did This book shows how this teacher through her friends and family members who knew people who knew theatrical people who guided her and showed her how she really could organize a real drama program for her school This book shows the elementary teacher how to teach the children to write their own script from their favorite book in their library Then eventually write their own version of popular stories such as The Wizard of Oz It also shows the teacher how to organize the parents of the students into the essential needs of a drama club by assessing the various talents of the parents and interested members of the faculty This book also shows the drama teacher how to introduce to the students various improvisations and exercises for developing acting skills It also includes the scripts and directions for nine different plays including suggested music all suitable for elementary students In other words it is a book of how an elementary teacher went from having no theatrical experience to how she was able to organize a very successful drama club that was invited to perform for the D A R E conference and the governor at the capitol building in Sacramento California
