Six Chapters From My Life Downunder:

Six Chapters from My Life Downunder Yang Jiang, 1988-05 By now the world is familiar with the disastrous consequences of the ten year period 1966-1976 in China's history known as the Great Proletarian Cultural Revolution. The mistakes of Mao Zedong's later years have been officially acknowledged and the infamous Gang of Four publicly tried and sentenced for their crimes. But on the cultural front the thaw had no sooner come than gone. A campaign against what is regarded as spiritual pollution is being waged to inhibit free expression among creative writers. Thousands of scholars, authors, respected professors and academicians who as a class were the most persecuted in what some observers called China's holocaust are back at their respective stations bent over the task of modernization. For understandable reasons few have written candidly about their experiences during the Cultural Revolution. Yang Jiang is an outstanding exception. In this memoir she gives a poignant account of the more than two years she and her husband were sent downunder to the barren countryside for reeducation through labor. Yang Jiang touches upon any horrendous acts only in passing or by indirection; mainly she relates in well-tempered tones the everyday incidents at their cadre school which add up to a harrowing tale. Patterned after Shen Fu's *Six Chapters of a Floating Life*, a minor classic of the Qing dynasty, *Six Chapters from My Life Downunder* is a testimony of remarkable sophistication and at the same time a powerful indictment of the madness of ignorant totalitarian rule. The author writes in a subtle, almost allegorical style, letting the reader share in her skepticism, disappointment and frustration with the people or the system responsible for what was done to her family and her fellow victims. More in sorrow than in anger here and there, with a touch of wry humor, she records the backwardness and distrust of the peasants who were their masters, the utter waste of human resources, the vicious nature of political campaigns and the people involved in them and, above all, the devotion between husband and wife which kept them going throughout their ordeal. While describing a society in one of its darkest moments, Yang Jiang reaffirms the endurance of humanity. Although Yang Jiang lives in Beijing, *Six Chapters from My Life Downunder* first appeared in a Hong Kong magazine in April 1981 and was published in book form there in the following month, attracting wide attention. It was published in the People's Republic of China later that year. The edition sold out quickly and no subsequent printings have been available. The present English translation, first published in the journal *Renditions*, is issued here in slightly revised form and with the addition of footnotes and background notes.

Six Chapters from My Life "downunder" Jiang Yang, 1984 *Handbook of Autobiography / Autofiction* Martina Wagner-Egelhaaf, 2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time. General questions of the literary as e.g. the relation between literature and reality, truth and fiction, the dependency of author, narrator and figure or issues of individual and cultural styles etc. can be studied preeminently in the autobiographical genre. Yet the tradition of life writing has in the course of literary history developed manifold types and forms. Especially in the globalized age where the media and other technological cultural factors contribute to a rapid

transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers

Problems of Communism ,1988 **A Cadre School Life** Jiang Yang,1984 **Wu Jinglian** Barry J. Naughton,2013-08-30 Writings by Wu Jinglian map not only China s path to economic reform but also the intellectual evolution of China s most influential economist For more than thirty years Wu Jinglian has been widely regarded as China s most celebrated and influential economist In the late 1970s Wu b 1930 was one of a small group of economic thinkers who broke with Marxist concepts and learned the principles of a market economy Since then he has been at the center of economic reform in China moving seamlessly as an insider outsider between academic and policy roles In recent years Wu has emerged as a prominent public intellectual fighting not just for market reform but also for a democratic society backed by the rule of law This book presents many of Wu s most important writings a number of them appearing in English for the first time Each section offers an informative introductory essay by Barry Naughton the volume s editor and an expert on China s economy The book begins with Wu s most recent articles which make clear his belief that gradual marketization combined with institutional development will make Chinese society fairer and less corrupt Biographical writings follow accompanied by a richly insightful text by Naughton on Wu s life and career Writings from the 1980s and 1990s written originally for a small audience of policy makers demonstrate how Wu shaped China s early reform path essays and articles from the late 1990s and early 2000s reflect Wu s new role as an advocate for broader reforms Taken together these texts map not only China s path to economic reform but also Wu s own intellectual evolution
