[Conspiracies of the Ruling Class](#) Lawrence B. Lindsey, 2016-03-08 Finally the truth from a Washington insider An audacious and desperately needed primer on how America's Ruling Class have upended the Constitution and taken over our country and how we must unite to regain control of our liberty A Ruling Class have emerged in America against the hopes and designs of our Founders Over the last hundred years they have rejected the Constitution and expanded their own power slowly at first and now rapidly These people think that they are smarter than the rest of us so smart that they can run our lives better than we can But for all the power and resources at their command they have failed Miserably Society has become increasingly unequal even as we're promised equality Our government finances are

out of control our basic infrastructure is broken and education is unaffordable and mediocre And yet the Ruling Class think the solution is for us to allow them ever more control We can stop this but to do so we must unite In this immensely valuable book MarketWatch Lawrence Lindsey lays out his plan for how we can use common sense to change the way our country is run eliminating government waste and fraud and the bureaucratic nightmares made possible by overregulation Kirkus Reviews We must reawaken the spirit upon which America was founded with liberty for every person to pursue their own dreams

Addressing Inequality in Budgeting Lessons from Recent Country Experience OECD, Korea Institute of Public Finance, 2024-02-19 In many countries public expenditure including transfers plays a major role in reducing income inequality The report reviews the various ways that budgeting can be used to this end A first includes taking a broad approach to results based budgeting taking social and distributional goals into consideration A second relies on integrating distributional impact analysis directly into the budget process The report discusses the concrete experience of eight OECD countries in this area analysing how they are integrating distributional impact assessment in spending and budgeting decisions Finally it discusses the tools frameworks and data that are needed to take distributional considerations into account as part of evidence informed policy making

Macroeconomic Effects of Prolonged Population Aging in Industrial Countries Mr. Paul R. Masson, Mr. Ralph W. Tryon, 1990-01-01 The effects of population aging are examined with the aid of a theoretical model and simulations of MULTIMOD An older population will consume more of aggregate disposable income require higher government expenditure and decrease labor supply These effects should raise real interest rates and lower the capital stock and output Effects on current balances will depend on the relative speed and extent of aging Simulations of projected demographic changes suggest that by 2025 real interest rates would be increased by several percentage points and net foreign assets increased in the United States and decreased in Japan and Germany as a result
