Why Read Marx Today:

Why Read Marx Today? Jonathan Wolff, 2002-08-29 All too often Karl Marx has been regarded as a demon or a deity or a busted flush. This fresh provocative and hugely enjoyable book explains why for all his shortcomings his critique of modern society remains forcefully relevant even in the twenty first century. Francis Wheen, author of *Karl Marx*. In recent years we could be forgiven for assuming that Marx has nothing left to say to us. Marxist regimes have failed miserably and with them it seemed all reason to take Marx seriously. The fall of the Berlin Wall had enormous symbolic resonance; it was taken to be the fall of Marx as well as of Marxist politics and economics. This timely book argues that we can detach Marx, the critic of current society, from Marx, the prophet of future society, and that he remains the most impressive critic we have of liberal capitalist bourgeois society. It also shows that the value of the great thinkers does not depend on their views being true but on other features such as their originality, insight and systematic vision. On this account too Marx still richly deserves to be read.

Contemporary Readings in Marxism Ravi Kumar, 2022-10-06 This volume straddles between being a compilation of chapters exploring the fundamental conceptual categories within Marxism while engaging with those categories at the same time demonstrating the dynamic ability of the Marxian theoretical paradigm to evolve. Challenging the misinterpretation of Marxian theory as rigid deterministic and outdated, it shows how the concepts used by the framework become relevant tools for understanding and analysing society. Divided across two parts, the volume grounds the Marxian concepts in a concrete historico-material context of India. It will be an important source for any student interested in social theory in general and Marxism in particular.

Using Political Ideas Barbara Goodwin, 2016-12-19 *Using Political Ideas* is a unique blend of political philosophy, political theory and history of political thought. It combines a critique of the major ideologies of recent and contemporary society with an analysis of the ideas that form the very stuff of political debate. By exposing the interplay between ideas and ideologies, it shows why political opponents often speak at cross purposes and why rational agreement is so hard to achieve in politics. The sixth edition of this well-respected and widely known text will be welcomed by those interested in questions such as: Is equality more important than personal freedom? Does the majority have the right to dictate to the minority in multicultural society? Is nationalism a progressive force in the world? Politics does not stand still; there are always new controversies and ideological conflicts, and the climate of discussion changes. The 6th edition of this best-selling book is fully updated and includes a new chapter on authoritarian ideologies to reflect the growing extreme right-wing politics in parts of Europe. This edition also provides a variety of new learning features: a comprehensive glossary, detailed lists of further reading, and a list of questions for discussion.

Revisiting Marxism Tibor R. Machan,2006 For some time there has been no direct critique of Marx s ideas from those who value the position he most harshly attacked bourgeois capitalism The few who did criticize Marx were economists such as Thomas Sowell Eugen B hm Bawerk and Ludwig von Mises Others attacked Marx s ideas but did not actually defend the concept of capitalism In 1987 shortly before the fall of the Soviet Union David Conway published his Farewell to Marx which offered a philosophical critique of Marx This work however developed in part from a position that uncritically embraces economism or what the author calls the homo economicus conception of human life In Revisiting Marxism Tibor Machan contrasts Marx s historicist collectivism with a neo Aristotelian individualism as presented by among others David L Norton and Ayn Rand It criticizes Marxism based on this position the one he most directly disparaged Also included in this volume is an exchange between the author and the late Sidney Hook perhaps the most sympathetic social democratic champion of Marx s ideas **Bad Marxism** John Hutnyk,2004-06-20 Critical political analysis of how Cultural Studies has used and abused Marxism offering a close reading of Derrida and Negri The Power of Critical Theory for Adult Learning and Teaching Stephen Brookfield,2005 This contribution to the literature on adult education provides adult educators with an accessible overview of critical theory s central ideas Using many direct quotes from the theorists works Brookfield shows how critical theory illuminates the everyday practices of adult educators and helps them make sense of the dilemmas
