Do you have a strategy that you follow or do you just hold a brainstorming session and hope for the best? Do you tell yourself Think harder and pray inspiration will strike? There's a better way to solve problems like these: improve the quality of your thinking. Better thinking, problem solving and reasoning are skills. They can be developed through self-examination, learning new frameworks and expanding our mental models. surfaced more and more in the lifestyles of our youth What are the answers Should the focus be more on parental enrichment skills or on social and emotional curriculum in school Perhaps greater monitoring of social media among our youth These questions in themselves only point to what is a systemic and increasingly complex problem A multifaceted approach is indeed needed to address this issue before it becomes even more intractable and leads to even greater anger and rage in our next generation
