Young Adult Resources Today Don Latham, Melissa Gross, 2014-05-21 *Young Adult Resources Today* Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in Integrating theory research and practice Integrating implications for practice throughout the book Integrating knowledge of resources with professional practice as informed by research Integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood diversity YA development and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres movies magazines web sites social media and gaming. The final chapter covers navigating information landscapes focusing on real and virtual YA spaces readers advisory programming and collaboration. Special attention is paid to program planning and evaluation. [The Best Interface is No Interface](#) Golden Krishna, 2015 This book gives students a wildly entertaining visionary piece that offers a compelling new way to see the future of technology. They'll learn the fascinating ways to think beyond screens using three principles that can lead toward more meaningful innovation. Whether they're working in the technology industry or just concerned about our technological future they'll find this insightful and creative book captivating. *Recharge Your Library Programs with Pop Culture and Technology*: Linda D. Behen, 2013-06-17 Learn how to integrate pop culture and technology into school library programs and classrooms and make today's digital content mobile devices and students changing interests work to the educator's advantage. Today's school libraries need to evolve and meet the needs of 21st century students the instruction programming and library services must be relevant to today's learners. Additionally the interactions between educators and the students are what make the critical difference in the students learning and turn the library and classroom into places where they will find assimilate experience and understand information. This book provides practical strategies for using pop culture and technology trends to connect with easily distracted middle and high school students and hold their attention. Author Linda D Behen addresses why school libraries are in transition and why there is a need for dramatic change. She discusses the evolution of all libraries in response to digital content ubiquitous mobile devices such as smart phones iPads and other tablet computers patrons changing interests and the ways in which schools and school libraries have found to effectively adapt to technology changes and student needs.
