Nonfiction Craft Lessons JoAnn Portalupi,Ralph

Fletcher,2023-10-10 Writing nonfiction represents a big step for most students yet when they try to create a report or persuasive essay they are often anxious and frustrated JoAnn Portalupi and Ralph Fletcher created Nonfiction Craft Lessons Teaching Information Writing K 8 to help teachers bring the passion from student writing while helping students scaffold

their ideas in this challenging genre. The authors divided this book into grade specific sections for K 2 3 4 and middle school grades 5 8 students. These divisions reflect various differences between emerging competent and fluent writers. In each section you'll find a generous collection of craft lessons directed at the genre that's most appropriate for that particular age. In the K 2 section for example a number of craft lessons focus on the all about or concept book. In the 3 4 section there are several lessons on biography. In the 5 8 section a series of lessons addresses expository writing. Throughout the book each of the 80 lessons is presented on a single page in an easy to read format. Every lesson features three teaching guidelines: Discussion, A brief look at the reasons for teaching the particular element of craft specifically in a nonfiction context, How to Teach It, Concrete language showing exactly how a teacher might bring this craft element to students in writing conferences or a small group setting. Resource Material: Specific book or text referred to in the craft lesson including trade books or a piece of student writing in the Appendixes. This book will help students breathe voice into lifeless dump truck writing and improve their nonfiction writing by making it clearer, more authoritative and more organized. Nonfiction Craft Lessons gives teachers a wealth of practical strategies to help students grow into strong writers as they explore and explain the world around them.
