Strategic Currents: China And Us Competition For

Influence Bernard F W Loo,James Char,2024-01-04 The advent of the 4th Industrial Revolution amidst the increasingly intensified global competition between the United States and China promises to be a major inflection point in human history The authors assembled in this volume provide a sober assessment of this techno nationalist contest and their implications for the rest of the world

The Fourth Intelligence Revolution Anthony Vinci,2025-10-28 A former senior intelligence officer reveals how espionage is being transformed by a new global intelligence race driven by AI and competition with China and how this impacts all of our lives The new global intelligence competition has brought espionage into our workplaces and our living rooms Adversaries like China Iran and Russia have realized that the human element is the weakest link in our industrial and political infrastructure As a result they target all of us stealing our financial data and medical records eavesdropping on our conversations and using platforms like TikTok and Hollywood movies to influence our opinions The Fourth Intelligence Revolution reveals how the undercover adventures of World War II the spy versus spy confrontations of the Cold War and the find fix and finish counterterrorism missions after 9 11 have given way to the most dangerous period of espionage yet This eye opening account exposes how intelligence now permeates every corner of society from economic espionage and genetic data gathering to information operations targeting children through AI chatbots even extending to reconnaissance on the far side of the moon Both a warning and a call to action The Fourth Intelligence Revolution suggests that we are all in essence becoming intelligence officers and that citizens have both the power and responsibility to reclaim intelligence to safeguard and strengthen our democracy

Governing Cross-Border Data Flows Svetlana

Yakovleva,2024-02-27 Governing Cross Border Data Flows explores how the European Union can simultaneously reconcile and pursue two important legal and policy objectives namely protecting fundamental rights guaranteed under the EU Charter of Fundamental Rights EU Charter concerning privacy and personal data while also maintaining and developing a binding rules based global trading system to ensure appropriate access to foreign digital markets for EU businesses The book demonstrates a significant conflict between international trade law and European data privacy law when it comes to the governance of cross border flows of personal data To resolve the tensions caused by this clash the book proposes concrete and detailed ways to ameliorate the situation from both ends international trade and personal data protection specifically through reforms of both international trade and chapter V of the General Data Protection Regulation GDPR To explain how such reforms could be effectuated Yakovleva examines the role of discourse in the evolution of trade law in the last two decades The book also paves the way for the further research necessary to design a fully fledged reform proposal of the EU framework for the transfer of personal data outside the European Economic Area
