**Leadership in Game of Thrones** Brigitte Biehl,2021-10-13 Winning power in Westeros is hard but holding

power is much harder. The book analyzes strategies of leadership in the popular television series as an inspiration for today's uncertain times and our corporate world bringing together research on TV series with management studies. The medieval fantasy world presents emotional and larger than life leadership archetypes: charismatic, authentic, privileged, masculine, female, motherly, lonely, romantic and disabled leaders. They are constructed and deconstructed. Hands, penises and heads are chopped off. In this way, the series also celebrates the power of those who follow or resist and always influence their leaders. Dr. Brigitte Biehl. Biehl Missal is Professor for Media and Communication Management at the SRH Berlin University of Applied Sciences School of Popular Arts in Berlin, acting as Head of Studies B.A. Creative Industries Management, M.A. International Management, Focus on Creative Leadership and director of the Institute for Professional Development IWK. Her background is in theater, film and media studies and business studies. She has published widely on art aesthetics and management. This book is a translation of the original German 1st edition *Leadership in Game of Thrones* by Brigitte Biehl, published by Springer Fachmedien Wiesbaden GmbH, part of Springer Nature in 2020. The translation was done with the help of artificial intelligence machine translation by the service DeepL.com. A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors.
