Media Today Joseph Turow, 2008-09-25 Media Today puts students at the center of profound changes in the twenty first century media world from digital convergence to media ownership and gives them the skills to think critically about what these changes mean for the role of media in their lives Escape Velocity Bradley Schauer, 2017-01-03 Today movie theaters are packed with audiences of all ages marveling to exciting science fiction blockbusters many of which are also critically acclaimed However when the science fiction film genre first emerged in the 1950s it was represented largely by exploitation horror films lurid culturally disreputable and appealing to a niche audience of children and sci fi buffs How did the genre evolve from B movie to blockbuster Escape Velocity charts the historical trajectory of American science fiction cinema explaining how the genre transitioned from eerie low budget horror like *It Came from Outer Space* to art films like *Slaughterhouse Five* and finally to the extraordinary popularity of hits like *E T* Bradley Schauer draws on primary sources such as internal studio documents promotional materials and film reviews to explain the process of cultural aesthetic and economic legitimation that occurred between the 1950s and 1980s as pulp science fiction tropes were adapted to suit the tastes of mainstream audiences Considering the inescapable dominance of today s effects driven blockbusters Escape Velocity not only charts the history of science fiction film but also gives an account of the origins of contemporary Hollywood
