 Summary of Winning Everyone loves to win in whatever they do which makes people search for a secret to winning This book
 Winning The Unforgiving Race to Success was written by Tim S Grover The writer of the book is a public speaker and
 motivational speaker who has written a bestselling book Relentless From Good to Great to Unstoppable The author s latest
 book Winning The Unforgiving Race to Success promises to deliver lessons that will make a person winner in his her field of
 work In this book the writer explains that the book is not to motivate people but to deliver winning results to motivated
 people The writer also declares that if someone is seeking motivation from this book then this book is not appropriate for that
 person The thirteen lessons to follow for winning in the book seem worth trying However there are few sections in this book
 where some people might find it difficult to agree with the author I particularly want to point out a single line where I
 strongly disagree with the author In this book the author has said that time is not important to accomplish work and only
 dedication and focus can do I personally believe every task requires a certain amount of time and without that time given no
 work can be performed I mean what if someone asked you to build a building in a day and told you everything is possible with
 focus and dedication This is plain maddening and unrealistic The book is written in a very simple and understandable
 language which is the best part of this book The book does not contain any images or diagrams to support the writing Grover
 has used lots of examples from his experience with Michael Jordan and Kobe Bryant The examples are so focused on these
 two celebrities that one might be confused thinking the book is an autobiography of Michael Jordan or Kobe Bryant At some
 point it feels like the book is only about winning in basketball games One must read the complete book to understand the
 total picture of the book The book will be enjoyable for people who love games or basketball Here is a Preview of What You
