Pastoralism Steven A. Rosen, 2011-10-11 Negev focuses on two primary purposes one theoretical methodological and the second substantive Briefly stated the book comprises a case study of excavations at an early ca 2800 B C pastoral site in the Negev providing detailed analyses and a synthetic overview of a seasonal encampment from this early period in the evolution of desert pastoral societies It thus both demonstrates the feasibility of an archaeology of early mobile pastoralism and grapples with the basic anthropological and methodological issues surrounding the subject Substantively both the architectural and material culture assemblages uncovered constitute the first detailed analysis of this early desert culture and include materials previously unreported for the region and period Historically the Camel Site is placed in a larger perspective of the beginnings of multiresource nomadism in relation to the rise of complex societies Underground Bases

and Tunnels Richard Sauder, 1995 Go behind the scenes into little known corners of the public record and discover how corporate America has worked hand in glove with the Pentagon for decades dreaming about planning and actually constructing secret underground bases And newly uncovered information indicates that the strangeness continues with bizarre high tech gadgets like portable hand held surgical lasers and injectable electronic IDs as small as a grain of rice

Acambaro collection comprises hundreds of clay figurines that are apparently thousands of years old however they depict such bizarre animals and scenes that most archaeologists dismiss them as an elaborate hoax The collection shows humans interacting with dinosaurs and various other monsters such as horned men Both Hapgood and Earl Stanley Gardner were convinced that the figurines from Acambaro were authentic ancient artifacts that indicated that men and dinosaurs had cohabited together in the recent past and that dinosaurs had not become extinct many millions of years ago as commonly thought David Hatcher Childress writes a lengthy introduction concerning Acambaro the latest testing and other evidence of living dinosaurs
