The New York Times Magazine ,2007 Review of Current Military Literature ,1926 **Russia - President Vladimir Putin Rule: Achievements, Problems and Future Strategies** IBP, Inc.,2014-10-26 2011 Updated Reprint Updated Annually Russia Vladimir Putin Rule Achievements Problems and Future Strategies Imitations of Life Abe C. Ravitz,2009-03-10 In the early 1920s Fannie Hurst s enormous popularity made her the highest paid writer in America She conquered the literary scene at the same time the silent movie industry began to emerge as a tremendously profitable and popular form of entertainment Abe C Ravitz parallels Hurst s growing acclaim with the evolution of silent films from which she borrowed ideas and techniques that furthered her career Ravitz notes that Hurst was amazingly adept at anticipating what the public wanted Sensing that the national interest was shifting from rural to urban subjects Hurst set her immigrant tales and her working girl tales in urban America In her early stories she tried to bridge the gap between Old World and New World citizens each somewhat fearful and suspicious of the other She wrote of love and ethnicity bringing the Jewish Mother to prominence of race relations and prejudice of the woman alone in her quest for selfhood Ravitz argues in fact that her socially oriented tales and her portraits of women in the city clearly identify her as a forerunner of contemporary feminism Ravitz brings to life the popular culture from 1910 through the 1920s tracing the meteoric rise of Hurst and depicting the colorful cast of characters surrounding her He reproduces for the first time the Hurst correspondence with Theodore Dreiser Charles and Kathleen Norris and Gertrude Atherton Fellow writers Rex Beach and Vachel Lindsay also play important roles in Ravitz s portrait of Hurst as does Zora Neale Hurston who awakened Hurst s interest in the Harlem Renaissance and in race relations as shown in Hurst s novel *Imitation of Life* **Quarterly Review of Military Literature** ,1928 *Military Review* ,1927 **Up-to-the-times Magazine** ,1912 International Law between Universalism and Fragmentation Isabelle Buffard,James Crawford,Alain Pellet,Stephan Wittich,2009-02-28 This Festschrift is published on the occasion of Gerhard Hafner s 65th birthday and his retirement as a professor at the University of Vienna It assembles a great number of renowned friends and colleagues in international law honouring Gerhard Hafner s outstanding career as scholar diplomat legal adviser and arbitrator The diversity of areas selected for this Festschrift reflects the generalist approach of Gerhard Hafner towards international law Among the topics on which his contribution was particularly influential are the fragmentation of international law the law of State immunity and international criminal law which feature prominently in the Festschrift Other areas covered are the theory of international law including sources basic principles of international law codification of international law subjects of international law international dispute settlement the law of the sea and international environmental law human rights and humanitarian law and the law of the European Union **The Great Power Competition Volume 5** Adib Farhadi,Mark Grzegorzewski,Anthony J. Masys,2023-10-09 The Russian Invasion of Ukraine and Implications for the Central Region addresses national security threats and strategic opportunities for the

United States and its allies in the Middle East and Central Asia following Russia's invasion of Ukraine. Recognizing that integrated deterrence is not constrained by geography or domain, this book focuses on the complex threats and challenges confronting U.S. national security and foreign policy in a post-Ukraine invasion environment. That is to say, what happens in Ukraine does not stay in Ukraine. It affects everyone from the region to the cyberspace domain to people on the other side of the world due to changes in commodity prices. Specifically, this volume explores how revised analyses of Russia may alter U.S. and allied strategies in a shifting international system and within the framing of strategic competition. Experts in this volume examine how the war in Ukraine will influence Russian strategy and foreign policy in the Middle East, Central Asia, and globally; what effect the Ukraine invasion could have on global and regional geopolitics and geoeconomics; and the United States' ability to protect national interests in the Central Region. The reasons for this are multiple and complex. In this volume, we explore many issues that have confounded security experts by asking questions such as: What happens after the Russian invasion? What lessons did the U.S., Ukraine, NATO, and the European Union learn about Russia? What lessons did Russia learn about itself and its military after the Ukraine invasion? What lessons did the U.S. learn in Afghanistan that apply to Ukraine? Why was the initial analysis of the Russian invasion so wrong? How has power shifted in the international system since the Ukraine invasion? How has the security environment shifted since the Ukraine invasion? For the U.S. to continue supporting its partners in the Middle East and Central Asia, it must anticipate what new opportunities will arise from Russia's missteps in Ukraine. *The Russian Invasion of Ukraine and Implications for the Central Region* addresses these challenges and opportunities and informs policymakers on the changing contours of the Great Power Competition. **The Law Times Reports**, 1921 *The World of Communism* Rodger Swearingen, 1966 **The Annual Index to the Times**, 1906 *The Flaming Sword*, 1922 *The Publishers Weekly*, 1972 *Everybody's Magazine*, 1925 *The Literary Digest*, 1915

Politically Motivated Justice Artem Galushko, 2021-03-31. The book addresses authoritarian legacies of politically motivated justice and its unwritten practices that have re-emerged in the recent trials related to both political and ordinary criminal charges against prominent opposition leaders in many former Soviet republics. Taking into account that in any country all trials are more or less related to politics, the author differentiates between trials on political issues, political trials that are not necessarily arbitrary and politicized, partisan trials, arbitrary trials against political opponents. The monograph thus adopts a broad definition of a political trial which includes all trials that are related to politicians and political matters such as elections, regime change, activities of parties and other political organizations. The focus lies on a separate group of partisan trials that are politicized, i.e. politically motivated, and which are used by governments to restrain political opposition and dissent. Primarily aimed at legal practitioners such as human rights lawyers, prosecutors, and judges, as well as postgraduates, researchers, teaching assistants, and university law professors, readers can gain from the book information that is useful in assessing the interdisciplinary phenomenon of politically motivated criminal justice in transitional and

authoritarian post Soviet republics Additionally the volume is indispensable to readers that are interested in Eastern European Studies Transitional Justice Law and Society Slavic Studies and Theory and History of State and Law Artem Galushko is a post doctoral researcher at the Max Planck Institute for the Study of Religious and Ethnic Diversity in Germany
