- **Record Conversation:** Take screenshots of chats, payment requests, and receipts in case you need evidence.

*Case Study Excerpt: "Ava's \$200 Mix-Up"*

Ava sold her gently used concert tee on a youth marketplace and the buyer insisted on paying through Cash App. The buyer claimed to have sent \$200, so Ava immediately transferred \$150 back as "overpayment refund." Two days later, her app balance showed only her original \$50 sale—no \$200. Realizing the scam, Ava opened Cash App's Help center, navigated to "Report Unauthorized Activity," and submitted screenshots of the fake confirmation and refund.

Within 48 hours, Cash App credited her \$150 refund back to her account after verifying the scam. Ava then enabled two-factor authentication, changed her PIN, and updated her privacy settings to "Friends Only." She now always waits 24 hours for funds to clear on her linked debit card before issuing any refunds and only uses secure payment links, never screenshots.

**Case Study Analysis Questions**

1. What red flags indicated Ava was being scammed?

---

---

2. How did Ava recover her funds and secure her account afterward?
