**Leading for Instructional Improvement** Stephen Fink, Anneke Markholt, 2011-02-17 *Leading for Instructional Improvement* Educational experts agree that quality teaching is the single most important factor in improving educational outcomes for all students. Teaching is a highly sophisticated and complex endeavor requiring deep expertise on the part of teachers and school leaders. This book shows how teacher school and district leaders can cultivate the expertise of teachers to deliver high quality instruction for all students. *Leading for Instructional Improvement* captures the nationally acclaimed work conducted by the Center for Educational Leadership at the University of Washington in its effort to improve the quality of teaching and leadership in schools across the country. The book provides extensive practical guidance grounded in theory and research along with powerful stories and examples from classrooms schools and districts. Many of the tools protocols and frameworks contained in this book can be accessed electronically by visiting the Center for Educational Leadership website at [www.k12leadership.org](http://www.k12leadership.org). Praise for *Leading for Instructional Improvement* This book offers insights that are invaluable to educators who seek to enhance teacher effectiveness now. The ideas presented are practical and applicable to schools in a variety of settings. PEDRO A. NOGUERA Ph.D. Peter L. Agnew Professor of Education Steinhardt School of Culture Education and Development and executive director Metropolitan Center for Urban Education. A deep and thoughtful look at how the issue of expertise is cultivated. Seizing upon their Center's research based instructional framework the authors provide important insights and tools. DR. BEVERLY HALL superintendent Atlanta Public Schools. In this age of intense focus on how we evaluate teachers we have to remember that any evaluation is only as good as the evaluator. This extremely useful book provides an excellent roadmap for how principals can become more effective in the most important aspect of their work instructional leadership. JERRY D. WEAST Ed. D. superintendent of schools Montgomery County Public Schools Maryland. Fink and Markholt offer practitioners a guide to effective teaching. *Leading for Instructional Improvement* asks us to heed the lessons within and support the kind of teacher education that will improve student achievement for today's schools and those of tomorrow. BARNETT BERRY president Center for Teaching Quality. *From Rigorous Standards to Student Achievement* Laura McCullough, 2013-09-27 This book showcases strategies which support teachers and principals as they implement high standards for students. At the same time it demonstrates how to meet the needs of diverse learners. **Rx for the Common Core** Mary Boyd Ratzer, Paige Jaeger, 2014-01-22 Providing clear explanations of inquiry based learning in the light of the Common Core this book is a practical and graphical guide that will serve as a much needed primer for librarians and educators. Common Core State Standards CCSS are putting educators under pressure to examine what works and what doesn't. Even with the best efforts integrating new strategies into daily practice in the classroom or library can be frustrating. This book will help. Providing a professional development toolkit that trains school librarians and teachers and enables them to train others it presents a sequence of scaffolded essential questions that results in a customized blueprint for effective

teaching The book assembles background building blocks for inquiry and the Common Core illustrates and connects key concepts on how to introduce inquiry based learning and provides effective tools for igniting the Common Core through inquiry based learning methods Developed from the crucible of six years of professional development to real world audiences with deep experience in teaching and school librarianship this book makes implementing inquiry learning and embracing the Common Core easier for classroom teachers and school librarians who understand the value of these teaching methods but are unsure of the best way to implement them

**Navigating Elementary Science Teaching and Learning** Sophia Jeong,Lynn A. Bryan,Deborah J. Tippins,Chelsea M. Sexton,2023-09-26 This book is a resource for both prospective and practicing elementary teachers as they learn to teach science in ways which foster the development of a community of science learners with multiple perspectives and diverse approaches to problem solving It includes cases that feature dilemmas embedded in rich narrative stories which characterize the lives of teachers of science and by extension their students and serve as tools for discussion critique and reflective practice The introduction to the book explores changing contexts for elementary science teaching and learning and describes how case based pedagogy can be used as a tool for both instruction and research Each subsequent section of the book includes cases that are organized around topics such as contemporary approaches to teaching elementary science new roles for technology and the creation of inclusive learning environments for all students in elementary science Each case is followed by reflective commentaries and concludes with questions for reflection and discussion Teachers will benefit from these cases as they explore the complexities and ambiguities of elementary science teaching and learning in today s classrooms
