New Musical Entrepreneurs Paul Brindley, 2000 *Cosmic Preeminence* R L Coursey, 2018-06-26 Many who correctly exalt the preeminence of Christ in their theology may yet oppose His preeminence with their priorities Our priorities reveal our portion and location does not change that portion For the psalmist declared the preeminence of Christ in both heaven and earth Whom have I in heaven but Thee and there is none upon earth that I desire besides Thee Ps 73 25 Whenever there are two things that are good the believer who has his priorities aligned with the kingdom never rejects the lesser but always prefers the better And when one of these is finite and the other infinite there must be no competition in his choice Since Christ is preeminent in creation cosmic preeminence must be infinitely higher in our affections than cosmic redemption The new view on heaven is popular because it legitimizes the priorities of a consumer culture by always emphasizing the latter while merely including the former While both are equally true they are not truly equal The priority of the beatific vision is evidenced by the superiority of its object Therefore we should always emphasize the former without failing to mention the latter Once creation and redemption are paired together in our priorities the preeminence of Christ slowly becomes less important and how to gain and or enjoy creation is always the primary emphasis both in this life and the next Like Christ we must differentiate between His kingdom and all those things that are merely added unto us in this life and on the future new earth With the Kingdom clearly in view we must prioritize that mandate Great Commission through which Christ has chosen to extend His kingdom and work of redemption in the world The Creation Mandate given before the Fall like all the commands is not redemptive in nature and the church is the only society of the redeemed Our new identity in Christ without eliminating infinitely supersedes our creation identity simply because Christ infinitely supersedes all creation in worth The problem with exchanging the Great Commission with the Cultural Mandate is that the present mission of Christ to build His church becomes secondary to His work of providence in culture the power of the gospel becomes secondary to the power of our example and moral influence on society and culture and the preeminence of Christ is no longer based on His person and work but on the success of our work among people We always proclaim what we are wrote Martyn Lloyd Jones by our priorities *EBOOK: Towards Effective Subject Leadership in the Primary School* David Bell, Joanne Hollows, 2005-09-16 This book examines the post of subject leader in primary schools in the light of the four key areas defined by National Standards for Subject Leadership strategic direction and development teaching and learning leading and managing staff efficient and effective deployment of staff The book combines existing research data and new material gathered by the authors It presents the underpinning principles and analyses the complex set of roles and responsibilities undertaken by subject leaders Most importantly it provides practical advice for subject leaders illustrated by a series of case studies and tasks which are addressed directly to subject leaders The authors have taken a generic approach looking at issues such as changing roles and responsibilities planning for teaching and learning working with colleagues and others managing

resources and bringing about school improvement that have to be addressed by all subject leaders whatever their particular area of responsibility Throughout the book emphasises the importance of leadership children s learning professional development and collaboration The book will be of value to all primary school teachers and especially subject leaders

Heaven's Gate George D. Chryssides,2016-12-05 On March 26 1997 the bodies of 39 men and women were found in an opulent mansion outside San Diego all victims of a mass suicide Messages left by the Heaven s Gate group indicate that they believed they were stepping out of their physical containers in order to ascend to a UFO that was arriving in the wake of the Hale Bopp comet The Heaven s Gate suicides were part of a series of major incidents involving New Religions in the 1990s as the new millennium approached Despite the major attention that Heaven s Gate attracted at the time of the suicides there have been relatively few scholarly studies This anthology on Heaven s Gate includes a combination of articles previously published in academic journals some new writings from experts in the field and some original Heaven s Gate documents All the material is expertly brought together under the editorship of George D Chryssides

Literature, Technology, and Modernity, 1860-2000 Nicholas Daly,2004-02-12 Industrial modernity takes it as self evident that there is a difference between people and machines but the corollary of this has been a recurring fantasy about the erasure of that difference The central scenario in this fantasy is the crash sometimes literal sometimes metaphorical Nicholas Daly considers the way human machine encounters have been imagined from the 1860s on arguing that such scenes dramatize the modernization of subjectivity This book will be of interest to scholars of modernism literature and film

Reframing Todd Haynes Theresa L. Geller,Julia Leyda,2022-02-07 For three decades award winning independent filmmaker Todd Haynes who emerged in the early 1990s as a foundational figure in New Queer Cinema has gained critical recognition for his outsider perspective Today Haynes is widely known for bringing women s stories to the screen Analyzing Haynes s films including *Safe* 1995 *Velvet Goldmine* 1998 *Far from Heaven* 2002 and *Carol* 2015 as well as his unauthorized Karen Carpenter biopic *Superstar* 1987 and the television miniseries *Mildred Pierce* 2011 the contributors to *Reframing Todd Haynes* reassess his work in light of his long standing feminist commitments and his exceptional career as a director of women s films They present multiple perspectives on Haynes s film and television work and on his role as an artist activist who draws on academic theorizations of gender and cinema The volume illustrates the influence of feminist theory on Haynes s aesthetic vision most evident in his persistent interest in the political and formal possibilities afforded by the genre of the woman s film The contributors contend that no consideration of Haynes s work can afford to ignore the crucial place of feminism within it Contributors Danielle Bouchard Nick Davis Jigna Desai Mary R Desjardins Patrick Flanery Theresa L Geller Rebecca M Gordon Jess Issacharoff Lynne Joyrich Bridget Kies Julia Leyda David E Maynard Noah A Tsika Patricia White Sharon Willis
