**The New 500 Low-Carb Recipes** Dana Carpender, 2018-12-04 Since its publication over 15 years ago 500 Low Carb Recipes has become a classic in the low carb community earning author Dana Carpender the affectionate moniker low carb queen from her fans. The book is now a bestseller with over half a million copies sold. Low carb cooking has evolved. A decade ago low carb menus relied on ingredients like artificial sweeteners, unhealthy vegetable oils, protein additives and processed foods from grocery store shelves like low carb branded snack bars and packaged meals. Today's low carb cooking is influenced by larger food movements such as clean eating, farm to table ingredients, higher fat ratios, thanks to the popularity of ketogenic diets and less stigmatization of foods that have substantial inclusion in a low carb diet namely animal foods and saturated fat due to the growth of the Paleo and traditional foods movements. *The New 500 Low Carb Recipes* is the beloved cookbook updated for today's low carb movement.

As many readers point out low carb diet cookbooks read like they were written by scientists not cooks. Enter cookbook authors Lucy Beale and Sandy Couvillon with more than 330 taste tempting recipes for low carb alternatives. Moreover the recipes have additional nutritional information not just carb gram data but also protein replacement data and complex and simple carbohydrates nutritional information. With everything from breakfast egg dishes of course to late night snacks Beale and Couvillon offer hundreds of delicious recipes for the die hard dieter and health conscious cook that appeal to the family and are easy to make.
