## **Snapchat On Sale:**

You: For Sale Stuart Sumner, 2015-08-20 Everything we do online and increasingly in the real world is tracked logged analyzed and often packaged and sold on to the highest bidder Every time you visit a website use a credit card drive on the freeway or go past a CCTV camera you are logged and tracked Every day billions of people choose to share their details on social media which are then sold to advertisers The Edward Snowden revelations that governments including those of the US and UK have been snooping on their citizens have rocked the world But nobody seems to realize that this has already been happening for years with firms such as Google capturing everything you type into a browser and selling it to the highest bidder Apps take information about where you go and your contact book details harvest them and sell them on and people just click the EULA without caring No one is revealing the dirty secret that is the tech firms harvesting customers personal data and selling it for vast profits and people are totally unaware of the dangers You For Sale is for anyone who is concerned about what corporate and government invasion of privacy means now and down the road The book sets the scene by spelling out exactly what most users of the Internet and smart phones are exposing themselves to via commonly used sites and apps such as facebook and Google and then tells you what you can do to protect yourself The book also covers legal and government issues as well as future trends With interviews of leading security experts black market data traders law enforcement and privacy groups You For Sale will help you view your personal data in a new light and understand both its value and its danger Provides a clear picture of how companies and governments harvest and use personal data every time someone logs on Describes exactly what these firms do with the data once they have it and what you can do to stop it Learn about the dangers of unwittingly releasing private data to tech firms including interviews with top security experts black market data traders law enforcement and privacy groups Understand the legal information and future trends that make this one of the most important issues today Selling Social Media Daniel Faltesek, 2018-05-17 Facebook Twitter Snapchat YouTube LinkedIn and dozens of other services have been described as the vanguard of creative destruction across the media industries disruptors of established business heroes of a new economic narrative that supposes that the attention of individual users can be measured managed manipulated backing methods that securitized patented and litigated attention in ways impossible before Selling Social Media catalogues the key terms and discourses of the rise of social media firms with a particular emphasis on monetization securitization disruption and litigation Tensions between ideas and terms are critical as the ways that different aspects of social media business are described change depending on the audience scale and maturity of the firm These divergent discourses are bound together into a single story of social media an industry that challenges the theories and descriptions of media that have come before Through a reading of social media business this book offers a chance to revisit media theory in the context of a new social media companies and products that depend on a different understanding of media audiences media industries and public agency **Starting an Online Business All-in-One For**
